

ORNAGE COUNTY CHAPTER
MODEL A FORD CLUB OF AMERICA

§ July 1962

Volume 1, Number 2

Greetings and happy motoring, once again. Good to be seeing all of you. ~~again~~ Since our last meeting, we have had a very pleasant get together at Jim and Vera Auest's. More about this later.

Glad to welcome to our club the following new members, Richard Hastings, Charley Downs, ~~and~~ Clements, and Dick Neeld.

A warm welcome and a kind invitation to our next meeting to Pete Eslick and his father (and also his number one mechanic and helper,) Vic Sullivan and Mrs. Sullivan, Greg Bransomb,

If you didn't have a good time at our social at Jim and Vera's, you weren't there. We had a grand turn out and even the weather was in our favor. Pepper and yours truly took a few pictures and we should have them at the next meeting. I'm sure prints can be had if any one is interested. Jim Auest did all the swapping of parts for the day, and the people really got some good bargains. Melvin got a lesson in how to play pinochle, Sue got a ride in a Model A, quite a few got a bit of a sun burn, but best of all every one had a grand time. Dick Tallman, George Round, Melvin and Gene Howell had loads of fun turning the crank on the ice cream freezers. Vic Sullivan and John Shattuck were smart and let their boys do the work for them. We had a grand total of 50 people there.

We missed you at the last meeting, Mac McDougall, and also at the social. But hope you are feeling better and all through with
