

ORANGE COUNTY CHAPTER  
MODEL A FORD CLUB OF AMERICA

Volume 1, Number 1

5 June 1962

Greetings and happy motoring! See you at the next meeting.  
Izaak Walton Club House, 1714 West Santa Cãara St., Santa Ana,  
7:30 PM, 14 June. BRING THE "A"s

If you missed the last meeting in May, you missed something. We had a very interesting talk by representatives of the Brea Research Laboratory of the Union Oil Company. Films, in color, and slides were shown of the gasoline industry, but the most interesting feature was the comparison of the Model A engine to a present day automobile engine. Whats the horsepower of the "A" ?

A warm welcome to the visitors at our last meeting. Present were James Ziegler, Ron Leiphardt, J. O. Leiphardt, Phil Jorjon-Roche, Charles Boardman, David Stearns, Harry DeShayer, Roy Gabriel, Dave Kibler, Glen Warren, Robert Coane, Mr & Mrs Charles Downs, Floyd Reezell, Glen Miles, Verne Morgan, and George Paddock. Mr Paddock is a member of the Model T Club. Almost forgot to include Dick Neeld. Hope to see you at the June meeting and would be most happy to report you as new members in our next edition of the paper.

Did you get your notice for the afternoon of fun and food? We furnish the fun, you bring the food! See you at Vera and Jim Auest's home, 1108 North Acacia, Anaheim, Sunday 17 June, 2 PM. If the weather does'nt change by then, bring your raccoon coat!

Who owns the most "A"s in our club? At this time, Dick Tallman has three. The latest is a 31 Town Sedan. All original from what I could see. Hope he brings it to this meeting. How about it Dick?

Dont forget the grease report at this meeting. If you must miss this meeting, have someone bring you all the details.

At this time, we have available to club members for their use, two original wrenches used on Model A cars. The first is the gas gauge wrench (used to remove the gas gauge from the fuel tank). See Joe Eatherton or Smitty Smith. The second item is a timing gear wrench (used to remove or tighten the timing gear nut). See our treasurer, Mr. Pepper. Do you know of any other tools that are available for our club members use?

Happy vacation to Joe Eatherton and family. Dont bring back all the "A" parts from the Midwest, Joe. Just 3 or 4 OOH-GA horns, a couple of sets of cowl lights and mabe a Roadster. While your at it, throw in some pop-out switches.

FOR SALE: Model A Coupe, new paint job, front fender wells, rumble seat type, engine excellent, etc. See Dick Tallman, 2303 Jackson Ave., Orange. KE 23895

WANTED: Original tail light, complete for 28/29 Model A. HELP! Also top leaf (# 10) for front spring. George McDougall, 1832 Sallie Lane, Apt. 5, Anaheim, PR 27338

WANTED: Rumble Seat Cushions. Mr. Pepper, 1810 Crane Ave., Anaheim, KE 55960

If you have any parts for sale, if you need some particular item, or if you have a news item for this paper, please call Smitty at KI 53572. We will go to press on 2 July.

CIRCLE 14 JUNE, 17 JUNE, and 12 JULY ON YOUR CALENDAR!

Who's going to Idyllwild in August? Whats the best route to take? Are the natives friendly? We should have all the info on this by our July meeting.

XXXXXXXXX HOW'S YOUR "A" OF XXXXXXXXX .  
So at this meeting and find out! No other info, till the meeting.

BRING THE "A"s

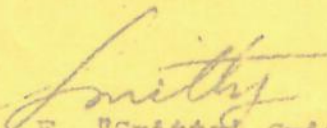

Well folks, this about winds up this really first edition of our paper, if you can call it that. Remember, our club will only be a real success if all our members participate and endeavor to bring in new members. Remember, we are a non-profit club, but we do have certain obligations and expenditures each and every month. Our membership dues are nominal. Dues for 1962 are way past due. Have you seen our treasurer yet?

See you at the next meeting

WHEN? 7:30 PM, THURSDAY, 14 JUNE!

WHERE? IZAAK WALTON CLUB HOUSE!

WHY? MODEL A CLUB MEETING!

  
M. E. "Smitty" Smith  
Publicity Chairman
