DECEMBER MEETING

LJB SKEWING

DATE December 8th, 1966
TIME 7.30 pm
PLACE Izaak Walton Club house
1714 Santa Clara, Santa Ana

Now that December is here and the Year's activities are about over, I want to personally thank every member of the club and especially the Board of Directors for making this past year one of the best years of my life. I enjoyed and appreciate the support and hard work that has been rendered by so many people this year.

This past year has seen our club grow immensely in prestige both locally and on the national level. As usual we had many fine tours and at the November Board Meeting we set dates for the major events for 1967.

MEETING...Boy, if you're mean enough to let the kids stay home from this meeting, and miss seeing their first glimpse of Santa, you're real finks, and your children will receive secret message from the club about how mean you are!!!

There will be NO MEETING on Thursday, January 12th. Please turn in your reservations as soon as possible so that we may make definite arrangements with the Galaxy. We hope to have a large group of 50 or more for a real gala kick-off for our 1967 officials.

Don't forget to bring the kiddies to the meeting this month, for our children's Christmas Party December 8th.

THE JOINT NON-MEET WITH THE VENTURA GROUP
by Lu Saez

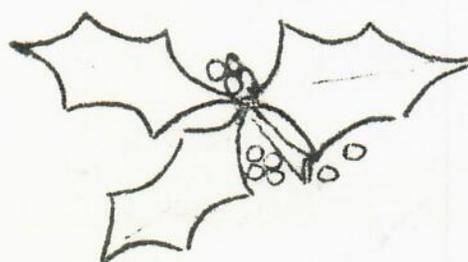

we journeyed to the appointed Valley View turn off. Since no one was in sight we naturally kept going to the Sale's residence. Apparently others used the same line of reasoning, for soon Antonaccis (their A is running again) and Dufords and Peddicords barreled up. Since the fog was rather dense (!) Pat P. contacted a Ventura member who uttered and muttered they were really having a downpour and must call the whole thing off. In the meantime quite a group had gathered at Valley View... Boofs, Gamells, Walkers, Parrishes, Bateortons... one of the best tour participations of this year, and now -- no tour.

After little thought, as it was cold and damp, we decided to make our new destination Irvine Park, so we bade the Sales goodbye as they had commitments in the other direction.

We all arrived with no difficulties and had a rousing game of baseball. By noon we could no longer call that wet stuff fog, or even mist, and we weren't really prepared for rain, so the gang all departed and reconvened at Saez's to enjoy our lunches. Sandy Antonacci made hot spiced apple cider and it sure warmed us all and really hit the spot with our cold but tasty picnics. Being well fed and cozy we just sat around and chatted. Gene and Mary and the little Robinsons dropped by after a bit for some of the same.

Even though our destination was altered, and the weatherman fouled us up, a very good time was had by all.

Editor's Note. Lucille forgot to mention that bright spot in the afternoon when we thought Pat Peddicord had left town with all 23 of our children wadded into the back of his station wagon (Model A, of course). He came back, but then, you can't have everything.
