FROM THE KITCHEN TABLE OF THE PRESIDENT
by Jim Douglass

Our swap meet this past month, was really a huge success. With all bills paid, we showed approximately \$500.00 clear profit. This does not include another \$74.00 that the Bake Sale took in. I want to express my thanks to Mike and Barbara Polk and everybody else who helped out on the swap meet, without your help it wouldn't have been a success at all.

It has turned out that we are getting more donations for our club tour kit and we will not be needing the bake sale money for the kit. It was decided at our last board meeting to take the \$74.00 from the sale and apply it towards hiring a band for our Christmas party. Again thanks to all you gals who made all of the goodies for the sale. It was the best display of the finest pies, cakes, and cookies I have seen. Really finger licking good.

After our tour to Yuma this year, my wife and Penny Vaughn got the brainy idea to make vests like some of the guys were wearing down there. So they shopped around and found some Orange and white stripped material and bought all they had. They were unable to contact everybody in time before the swapmeet to see if you were interested in making a vest. If you are interested contact them at the meeting for pattern number and the Orange and white material. Several of the wives had them made for us and they really

looked sharp with the vests and our new orange jackets you could spot a Orange County member for mile. Our emblems will be ready and available at our meeting this month. Thanks again to Joan Krist for all of her work on this project.

Our club by-laws will be printed up and passed out at our meeting this month. for those of you who miss the meeting we w will mail you a copy after the meeting. again I want to thank Bill Vaughn and the committee for a job well done. Also Jim Buford is working on the club tour rules and they should be ready shortly.

The date of the Roundup is getting closer and Richard Krist is already preparing for the Big Day. He will be needing alot of help, so when help is asked for son't be afraid to pitch in and give him a hand. Also how are you doing on selling your T.V. tickets???? The tickets seem to be selling real well so far. You can turn your money and ticket stubs into Betty Eatherton starting this month.

The board meeting this month is on June 26th at the home of the Heilands, 1818 $\frac{1}{2}$ N. Main St. Santa Ana. Everyone is welcome to attend these board meetings. If you do plan to attend, please let the Host know you plan to do so.

Come join in on the fun and don't miss the pot luck and meeting on June 12th. Also don't miss the campout on June 21st and 22nd. See you all then.

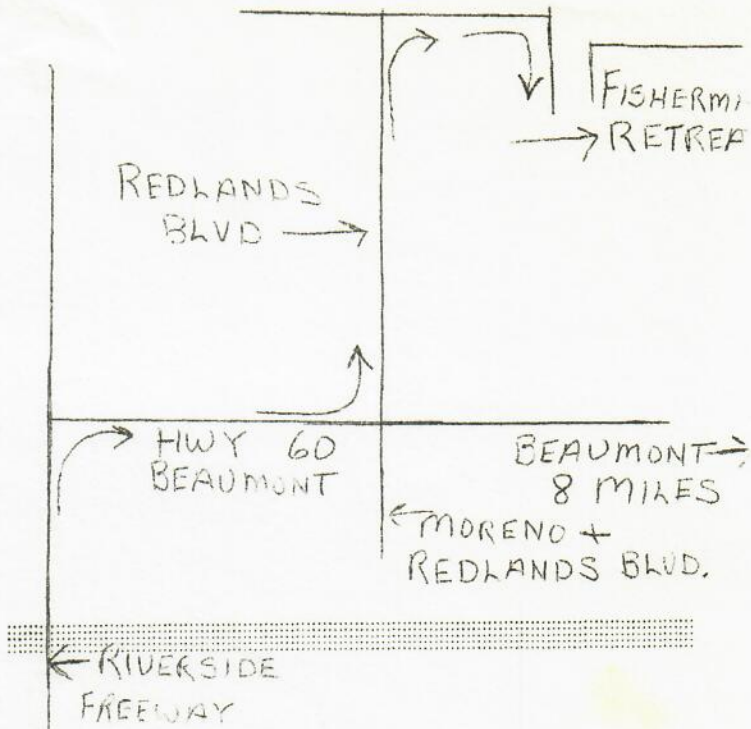

AND AWAY WE GO
by Iiko Polk

Well our swap meet was a real success, everyone pitched in and helped to make it one of the best yet.

We are real proud of all the girls who made those outstanding goodies for the bake sale, they sold out before I was able to sample all that was exhibited.

Thanks go to all the ladies and kids who worked so hard in the kitchen, and the people who ran the many necessary errands which popped up from time to time, and thanks to the girls who ran the snack bar continuously.

Our campout is to be hold at Fishermans Retreat June 20-21. Fishing horseback riding boats-play areas for all sports. We will have a separate area for all of the Model Aers. So let's see some new faces this year as new members are always welcome.

ORANGE COUNTY CAMPOUT
at
FISHERMAN'S RETREAT
by Jon Heiland

Our activity for June will be a campout at Fisherman's Retreat, June 20, 21, and 22. The camp sites are really great. They've got five lakes for all day- all night fishing, horseback riding, acres of trails for mini bikes, etc. and lots of green grass and tall shade trees for those of you who don't want to be quite so physical. The fishing is \$2.50 per day per person over the age of eight and the horseback riding is \$2.50 per hour with or without a guide.

We are getting a camper's rate of \$3.00 per night per family. The camping fee will be collected by one of the club officers upon your arrival. We hope to see everyone out for this campout. Fisherman's Retreat has lots of room and they love pets and people! You will receive more information at the June meeting so be sure to be there. SEE YOU ALL AT FISHERMAN'S RETREAT JUNE 20, 21, and 22. (See map on this page)

from the engine parts.

Cost of the block, purchased at pomona swapmeet was \$30.00 and the double B crank cost \$10.00. Dipping block was \$10.00 and sell worth the money, as this removes considerable scale and rust from cooling system. Also small cracks in block show up after carbon is removed. So, after all items are finally added together the engine cost is \$312.33. A Floto Motor Kit was installed at the cost of \$17.95.

Now to the credits. The writer would still be trying to start the engine without the expert help of Larry Boef (alias Boef, Boef, Boef). Don't let him tell you he doesn't know about A and C engines. Thanks again Larry. Jon Heiland at Vintage was a big help, so go see Jon for help too.
