May 25 Orange County Swap Meet
June 21,22 O.C. Camp Out at Fishermans
Retreat .
Sept. 14 O.C. Fall Pancake Breakfast
Oct. 18 Orange County ROUNDUP

MEETING MINUTES

April 10, 1969

Meeting was called to order by Pres. Jim
Douglass.

Board meeting minutes were read and
approved as read.

Treasurer reported a balance of 296.11

The tickets for the raffle for the portable
color T. V. were signed out to the members.
Only 500 tickets were printed. The tickets
will be sold for \$1 a piece. The tickets
will be sold up to the Roundup, but not
on the day of the Roundup.

The record books are completed and ready
for club inspection.

The Restorer magazines are to be kept
by the Technical Advisor, Maynard Grunklee.
The magazines have to be checked out.

There were no committie reports.

By-Law Committee meeting April 23, at
7:30 pm at the Vaughns home.

Sandy asked if any members had any ideas
for tour rules to give them to her and
she would print them in the paper.

Richard Kriss reported that we won't the
T.V. till the 1st of May.

The Committee is working on the Goodie
Bags.

Several members toured up to the Whittier
meeting. If any members are interested in
attending ether club meetings contact any
board member for information about the
clubs.

Activities Report:

Paradise Valley Swap Meet --Sunday April 13
Yuma and Bakersfield--April 19, 20
Lake Cachuma Campout--May 2, 3, 4
Club Campout at Fishermans Retreat--
June 21, 22

Colorado Tour-- June 28

Andy Saez reported on the Riverside Club.

Dick Brennan showed slides of the Mile-Hi
tour.

Drawings were held.

Club also has tickets for the Whitter Club
They are raffling off a motor or \$300 in
cash.

Sandy asked for ads and tid-bits for the
gossip column.

There being no further business, the meet-
ing was adjourned.

Respectfully submitted,

Betty Eatherton, Secrotary

FROM THE KITCHEN TABLE

by Jim Douglass

Well here it is the first of May and we are still all in one piece. With all the help and support that we have had, all of our activities and tours have been real successful, thanks to Mike Polk and his planning. At our last board meeting, Mike and Barbara informed us that they are going to be moving to Idaho in the middle of June. We are real sorry to be losing two great organizers and workers from our club. We wish you both success and hope you keep in contact with us.

To fill Mike's term in office, the board appointed John Heiland to succeed him. John was asked and agreed to take over in June starting with our Orange County Campout. I hope you all got behind and support him the way you have with Mike.

Joan Krist has checked on jackets and emblems for our club. After much checking on price and sizes, she has found a place that not only is reasonable but is what we are looking for. She has some jackets samples for sizes and will bring them to our May meeting along with the prices for the jackets and emblems. Joan will be taking orders then for both items. By ordering them at the meeting, we will be able to have them by our swap meet on May 25th. So don't miss this meeting. Let's see everyone wearing a club jacket.

Bill Vaughn and his By-Laws Committee (Dom Anotnacci, Betty Eatherton, Jon Heiland, and Richard Parrish) have finished the club By-Laws. They are in the process of being typed out and then we will have copies printed up for every member. We should have them ready for our meeting in June. Bill and his committee have spent alot of time and work on these By-Laws and they deserve a big thanks from all of us.

The back issues of the Restorer Magazine and covers have arrived and Maynard Grunklee has them for the club members to check out. Remember someday these magazines will be hard to come by, so let's take care of them.

We have started our club tour Repair Kit. We took the gift certificates that were donated to the club and went to Vintage Auto Parts and picked up some of the most needed parts. This kit is now available for our tours and will be taken where ever we go. After the Bake Sale at our Swap Meet, we should be able to complete the kit. So gals get your cakes, cookies, and etc. ready for the 25th of May.

The Board Meeting this month is on May 29th at the home of the Antonacci's 15221 Vermont St., Westminster. Remember the board meetings are open to all club members who wish to attend.

Don't miss out on any of the fun. Try and make it to all of the outings and tours that are planned. See y'all at the meeting on May 8th.

AND AWAY WE GO!
by Mike Polk

April is almost past and we have another active month ahead of us! For May our activities will be a campout at Cachuma Lake sponsored by the Cuesta Chapter, May 2, 3, and 4th. Gymkhana, sightseeing tour, etc. Should be lots of fun.

May 25th is our swap meet and will be our main money maker which is important for our big event, Orange County Roundup, Oct. 18. So I want to encourage all our members to pitch in and give all the help you can to make this activity a huge success. A reminder to the women don't forget our bake sale! It will be held at the Swap Meet--the funds will go towards our tour kit.

Save June 21 and 22nd for our campout at Fisherman's Retreat. Five lakes boats, horseback riding, fishing and fun, fun, fun!!!

See you at our May meeting.

NUTS AND BOLTS
by Haynard Grunklee

Here is a reprint from a previous issue of Restorer, which you may have lost.

RESTORING AND PAINTING THE MODEL A ENGINE

1--Engine block and head painted Ford engine green enamel, light or dark. Radiator goose neck painted Ford engine green. Water pump housing painted Ford engine green. Water return pipe, lower part with radiator drain plug, painted black enamel.

It all started when we found out we could get off work for a couple of days. Suddenly our eyes got glassy, our pulse rates quickened, and our spirits soared like rockets on the 4th of July. We were actually going to the Yuma tour for a week-end of Heaven Know What!

We left Santa Ana Friday afternoon and followed the Vaughns and Douglasses. We figured that way we wouldn't get lost. Little did we know! Bill insists we weren't really lost. We were just taking a tour of the country side!

We finally got to the Stardust Motel about 6:00 that night and were greeted by the Boefs and Antonaccis and their friends, the Earlys who were all camped on the balcony in front of the Boef's room anxiously awaiting the arrival of the Bufords who were bringing Stew and Beth Sale who had flown in from North Carolina for the Tour. They got there about 10:00 and after a very happy reunion we all went to a nearby steak house for dinner. Stew's nurses from his office here met us there so they all had a nice reunion, and then we ate... and ate...and ate... and, but on with the story. We soon found out we had some sticky fingered people with us who just couldn't leave the salt and pepper and tobasco sauce alone. But gosh folks, we had to have something for our morning Bloody Marys.

Next came.....THE PARTY..... We all gathered in Dom and Sandy's room, and then in Vaughn's and Douglass' room until about 4:00am, I think. By that time on one was too sure of anything. We did, however, manage to impress upon everyone in the motel the fact that Orange County is, without a doubt, the most fun loving (or at least the loudost) club this side of New York. Stew and Beth told us some hilarious stories about what had happened to them for the last 7 months and how much they miss Orange County. It was just wonderful seeing and hearing them again.

Saturday was terrific as soon as we were all able to see stright. First we

YUMA 1969
(cont.)

BAKERSFIELD PIONEER DAYS
by Iorna Grunklee

took a trip to the theraputic 106° pool and the swimming pool (it's great for morning headaches folks!). Then we had a brunch and modern fashion show, and of course the car judging and gymkhana. After lunch we enjoyed a poolside ora fashion show (and 60 rolled tacos), and then we had a surprise party for Stew's "29th" birthday in the Vaughn's and Douglass' double room.

About 7:00 we all went to a poolside cocktail party and then to the awards banquet. It was great, but the best of all was the sweet taste of victory. Jim and Claudia Buford won a beautiful 2nd place trophy for their car and Jack and Vivian Payton won a 1st place for their car. The tour committee also presented Stew and Both with a plaque for having come the farthest for the tour.

By this time, most of us had just about had it what with the parties and activities, which included throwing Jim Douglass and Jim Buford in the pool, so after a little more partying we all shuffled off to our rooms.

Sunday morning found us all busy packing and taking pictures and saying our good-byes, and Jim Douglass telling everyone about Bill Vaughn's unusual "ora" smore.

All in all it was a very exciting tour. Just ask the Antonaccis, Boofs, Dick Brennan, Bufords, Earlys, Eathortons, Heilands, Paytons Sales, Vaughns, or Douglasses. We're all ready to go again next year. How about you? If you feel like you've missed something, you have, so why not start planning now for Yuma '70. You'll love it!!!!!!!

AT THE MAY MEETING

(SEE JIM DOUGLASS' ARTICLE)

At 6:30am Saturday April 19th, the Krists and Grunklees left Fullerton for Bakersfield in our modern cars. After driving a couple of hours we stopped for breakfast at Tipps Restaurant at Castaic Junction, then on our way again. It was a beautiful morning for driving.

We arrived in Bakersfield about 9:30am and first obtained our Motel rooms. We know we had the right place because of all the "A"s. After unpacking we drove a few blocks to Pioneer Village to await the parade. It was the usual parade of marching bands, Equestrians, Antique cars, stage coaches, etc. Near the end (last but not least) were 30 beautiful Model As.

On our way back to our car we had the added thrill of seeing a run-away stage coach. (No one in the coach) Something had "spooked" the horses and away they went, pieces of coach flying off in different directions. Fortunately, no one was injured and some riders stopped the team several blocks away, with only a parked car and the stage coach being damaged.

We can't praise the Bakersfield chapter enough for their hospitality. After the parade, we toured with all the "A"s to Al Pemberton's home for a weiner roast. Tables were laden with food of all kinds prepared by the ladies of the chapter. Some of the other chapters represented were: Four Bangors, Paradise Valley, Pomona Valley, Lodi Tokays As, Fresno, and San Fernando.

Paul Kagel's arrived in their A after the weiner roast. They lost their radiator cap on the freeway. We were glad to see at least one Orange County A represented.

We were invited to bring our own steak or hamburger and come back in the evening to cook it on the bar-b-que. Again the salads and desserts were on the tables. Some one mentioned the fact the Orange County group was lacking something.

It was just too quiet! After stuffing ourselves we decided to see if there was any nite life in the city. There is! If over in Bakersfield, visit the "Blackboard".

Sunday morning found Maynard and Richard down at Pioneer Village helping to judge the As. They each have a beautiful purple button and ribbon with Judge to prove it. The rest of us enjoyed the swimming pool at the hotel.

The judging of the cars was completed about noon and then the costume judging. Announcement of winners were made about 1:30pm. Pioneer Village where the meet was held, is an interesting place. Many old buildings to tour through and also a museum. Lots of grass and many trees.

We left for home about 2:30 and arrived back at Krists around 5:30. Tired and sunburned but happy. We highly recommend a visit to Bakersfield next year.

(oh yes, Note to Paul Kagel-----

We have your trophy. HA..HA.
