FROM THE KITCHEN TABLE
by Jim Douglass

I hope that every is rested up after the busy weekend at the Idyllwild campout. Most of all, that you all had a good time and enjoyed yourself. I want to thank our Orange County gals and guys who put on the only prepared (or was it) entertainment. We may not have won or even placed in the competition but we sure had a lot of fun. Thanks to Sandy who organized us and got us started. But as individuals from Orange County, Bill Vaughn's brother-in-law, Forrest Kelly on the electric guitar and Banjo and the Baudino kids and Rosemary singing about Chow Gum took second and third places. Who says Orange County isn't the club to belong to??

As in the months past September is going to be another busy one. Our Fall Pancake Breakfast is on Sept. 14th and also Jon has planned our beach party for the latter part of the month on Sept. 28th. Jon will be needing some help on the breakfast and the gymkhana events, so lets see those hands raised when he asks for help at our Sept. meeting.

The day of the Round-up is fast approaching and as we have in the past couple of years we need volunteers to go to other chapter meetings and extend a personal invitation to the Round-up. They really appreciate this and they make you feel right at home. So if anyone wishes to make any of these trips contact Richard Krist and he will set up the time and date.

Also, Joan Krist still can use more items for the goodie bags. If you have, or know where you can get, any such items be sure and let Joan know. Let's make this years goodie bag the best one yet!

How are you doing on selling your color T.V. raffle tickets? Remember these will not be sold on the day of the Round-up and we still have to have the money and the ticket stubs turned in by our October meeting. If any one needs any more tickets to sell let any of your board members know and we will get you more. Also Bill Vaughn Jon Heiland, and myself have raffle tickets on a complete model A engine or \$300.00 that Whittier is raffling off for their

Rim of the World meet. Anyone wanting any of these tickets see any one of us. Whittier has really been helping us on our tickets so let's get busy and take advantage of really a good raffle.

Board meeting this month is on Sept. 25th at our home 533 Devon Rd. in Orange. We encourage everyone to come the meetings. If you plan to do so please be sure and let the host know.

Don't mess out on any of the fun. Try and make all of our meetings and activities. Remember this is your club, git out and enjoy it. See your all at the meeting on Sept. 11th.

NUTS AND BOLTS
by Maynard Grunklee

More instrument panel lamp assemblies are damaged through improper removal and installation of the cap, from any other source. Many owners and mechanics use a twisting movement when removing or installing the cap. This invariably results in damage to the assembly.

To remove the instrument panel cap first turn on the instrument panel light, then pull the cap straight backward. To install turn on the light, then line up the small depression in the cap, with notch in cap body and push cap straight in. Turning on the light, lines up the tongue or groove inside of the lamp assembly with the notch in the cap body and permits very easy removal or installation of the cap.
