"You Just Can't Beat Orange County"

by Jon Heiland

Good old Orange County has done it again. The Roundup this year was the biggest we've ever put on! We had 182 cars registered and everything ran so smoothly I still can't believe it!! Now that it's all over you won't be hearing from me anymore this year so I wanted to write a final article to let you know how proud I am of all you and to thank you all for a great job well done! Everyone who had a job assigned to them performed that job to perfection and those who had no specific job pitched in so willingly and helped with anything that needed to be done. It was a fantastic experience!

All of the comments from othereclubs were just great. They couldn't get over our trophies door prizes, etc. and serval people were over heard to say that it is true, You just can't beat Orange County. How about that?! So you see we really did do it again and I can't thank you enough for all of your help and support. You're all TERRIFICK PEOPLE!!!!

(to be continued on next page!)

Roundup (con't)

I also wanted to tell you that Pam and I delivered the color T.V. to Bill Purvis, our lucky winner this year, and we still don't think he believes he actually won it. He said he had never won anything in his life and he was so happy. He wanted us to be sure to thank all of you for him. It was really a pleasure to see the T.V. go to someone like Bill. We could tell he is just thrilled to death with it. Congratulations to Bill who is from Jewel City Chapter and thanks to all of you Orange Countians for getting out and selling those tickets.
