From Poco Quatros Chapter - the following.

Item: Next time you're figuring up how much you have invested in your restoration project, remember your Model A average price range when new was \$500-600. Makes you wanta' cry doesn't it? How true, how true.

BOEF FEET FORWARD
by Larry Boef

Never let it be said that Model A'ers aren't active people. Looking at the calendar we have a Model A event every week-end from Sept. 12th (our beach party) until Nov. 27th (the National Banquet in Stockton). Of course it takes work and planning to stage all these events.

It's that time of year when we must carefully select the officers to represent and work for our club next year. As previously noted it does take work so 1st of all, we want to select officers that will take Responsibility. Also keep in mind that all Board members are eligible for President, so nominate people who you think will be good Leaders. Nominations from the floor will be excepted at our September meeting. Any member can submit his or her name to Richard Krist or myself for consideration for office. If you feel you would like to work as a club officer or a helper on one of our committees please let us know.

The Club Flagsproject is progressing. With a little luck and of course the usual work involved we hope to have a supply of Bumper Flags ready for the Roundup.

Well I'm late again as usual with this article and now that we know our editor waits for no one I'd best rush over before I miss the deadline. See you at the meeting.

(Now you see Larry, that wasn't so bad and it really is a big help to have all the articles here on time so I can get started. Thank you Board members. You were all on time this month and it is GREATLY appreciated. - Pam.)

AND "A"-WAY WE GO
by Bill Vaughn

Orange County wasn't represented at the Idyllwild camp out last month with very many people, but in view of what happened, maybe it's just as well. However, most of us did go to a beautiful wedding and reception -- that of Susie Roggenbuck and Pete Peterson and a great big thanks to Bobbie and Jack Roggenbuck.

We have a couple changes in our events coming up later in the year. Our own Chapter beach party will be on Sunday Sept. 12 at Doheny State Park. This is alot of fun. You just can't imagine unless you have been there -- a group of people in a roped-off area digging with their hands for blocks of wood.

It's really a funny sight. Also, there will be a couple of surprises for the lucky ones.

Coming up on the 19th of Sept. is a swap meet in Corona. I hear it's pretty good. Then on Sunday, Sept 26th, we are planning a Winery Tour. These are always alot of fun.

We don't want to forget the Whittier Chapter Rim of the World meet on Oct. 2-3. This year they're going over to Apple Valley. This sounds like a good tour and meet. If you are going, be sure and get your reservations in right now. If you have any questions contact Vivian Payton.

Our tour to Stew and Beth Sales ranch in Anza is cancelled due to high fire hazard at the present time. However we are planning it later in the year.

The Diamond Tread chapter is having a meet at the Japanese Deer Park in Buena Park for a very worthy cause (Services for the Blind) on Sunday Sept. 19th. Contact Ron Posten for further information.

We will have more information on coming events at our next meeting. Don't forget to sell your T.V. raffle tickets and turn your money into Betty Eatherton. See you at the next meeting - Thurs. Sept. 9th, 7:30 P.M.

* * * * *

Turn in your T.V. raffle tickets to Betty right away. Don't be embarrassed like I was last meeting. After harping on the subject so doggone much, guess who forgot her tickets!!! Boy! Did I feel stupid, but I won't forget them this month. You can bet on that. And I sold every one of them too!!!!!! Remember, they can't be sold at Knott's so get 'em sold or turn 'em in so the rest of us can sell them!!!!

Idyllwild 1971 -
or Orange County Chapter Wins the Good Conduct
Award
by Dione McNabb

A few members of the Orange County MAFCA were able to escape the heat wave during Aug. 6,7 and 8th by attending the Model A Idyllwild Campout. The weather was beautiful - an almost constant breeze kept the temperature among the trees just perfect.

The Grunklees and McNabbs were the first from our chapter to arrive. Lorna and Sue Grunklee had bottled lots of water in preparation for the trip and they kept Maynard and

their "hot" 29 A Fordor well supplied during the long trip up the hill. In an unbelievable show of coordination and skill Dick McNabb got his tent up in a record time of five minutes. Maynard was not far behind (but I'm sure he hadn't been practicing every day for the past three weeks as Dick had.)

The Iel Howells, the Parrishes and Dick's sister's family, the Harrisons arrived later on Friday. For awhile we thought we were going to be entertained with another tent raising extravaganza put on by the Harrisons, but it fizzled out when Chuck Harrison found the poles that were "accidently" misplaced behind a tree.

The extremely well-behaved Orange County group was just settling down for the night when Bill Vaughn arrived to see how we all were doing. He spent the night and part of Saturday before leaving.

Saturday morning we were joined by Vivian Payton and Jim and Claudia Ryner. The games for the Children, the gymkhana and the campfire entertainment were held, but there were no participants from Orange County. In all, twenty-eight Model As did show up for the campout and approximately sixty-five families were registered. Two late arrivals to the Orange County area were Rick Krist and Roggenbuck who came sometime during Saturday night.

Throughout the entire week-end we had ample guitar serenades, and we were serenaded all night long on Saturday by two or three dogs. Everyone remarked about Orange County's exemplary behavior. We all agreed when we parted on Sunday that we really had a most enjoyable week-end.

(Thank you, Dione, for a MOST ENJOYABLE articlo!!! - Pam)

The Cabrillo Caper
by Penny Vaughn

The 10th year Reunion Picnic of the Orange County NAFC Chapter was held Sunday, Aug. 22nd, at Cabrillo Park. It was good to see at least a few of our former members -- Larry Hall, the Pat Peddicords, the Bob Twymans and the Herb Whitmores. The Peddicords tried to make an early getaway, but were foiled when a T-Bird swallowed up their car keys. Good old *Darrell Vandever's partner finally turned up with a duplicate key.

Others enjoying the gathering were the *Boefs, Tiny Clark and brother Waltah, Douglasses, Dillons, Earlys, Eathertons and Moms, Elliotts, and friend, Ferrises, Floreses,

Grunklees, Heilands, Hofstatters, H. Howells, Kristis, Marshes, Martins, *Mattheys, McNabbs, Parrishes, *Vivian Payton, Petersons, Robinsons, Roggenbucks, Saezes, Sales, Schmidts, Steve Sebastian, Slawsons, *Vandever, and Vaughns.

It was an enjoyable afternoon spent talking, loafing, eating, and drinking.

If a Hard Luck Trohpy is in order for one of our members for this meeting, it will no doubt go to Tiny "wrong way" Clark. His A made it alright, but his plane made a crash landing!

* Keep a wary eye on these characters. Rumor has it that they have taken up the nocturnal sport of "T.P.-ing."

(Thank you for your "sporty" article, Penny. It's very good and very much appreciated. - Pam.)

ROUND-UP RAP -
by Lu Saez

Committee chairman for the Round-up are as follows: TV raffle - Betty Eatherton, Courtesy Bags- Jack and Bobbie Roggenbuck, Publicity- Darrell and Joan Vandever, Registration- Vivian Payton, Traffic- Richard Krist, Door Prizes and Raffle- Jon Heiland, Judges- Andy Saez.

Betty Eatherton and Jack and Bobbie Roggenbuck have been hard at work for some time now, requesting your support. At the September meeting we ask you to let us know how you will help. We need assistance with Traffic, Registration and Door Prize Raffle from 7:30 to 11:30 the morning of the Round-up.

Please return ticket stubs and money for the TV Raffle to Betty Eatherton as soon as possible so we will not have added work on the 16th.

Another area we need help in is visiting other Clubs in Southern Calif. area to extend personal invitations. If you're able to do this, contact Vandever who will co-ordinate this activity.

Those of you who have the Orange vests, get 'em clean and ready to wear - they really look great.

Last - but not least - get your dust cloths and polish out and get your car ready to go to the Round-up - and don't forget your Era clothes. Our unique judging of car and clothes together is one reason our Round-Up has continually grown and is considered by many as one of the finest and funnest meets to attend. We need and expect our own members support most of all.

UP YOUR EXHAUST PIPE
by Stew Sale

Just a minute! Don't throw your old original motometer with locking cap in the trash barrel just because the thermometer is broken!

For about a dollar, a new glass thermometer can be purchased from Vintage Auto and will make your old motometer function like new. First make sure you buy the correct length thermometer, then undo the lock nut on the under side of the radiator cap and place the brass end into your vice. Unscrew the upper end of the meter from the brass base (usually the old glass thermometer breaks during this procedure). Because the glass was embedded in a hard plaster like substance the base should be drilled out to 1/4" and care should be exercised to avoid drilling all the way through the base as this would necessitate another trip to the parts house.

Fill the drill hole with ordinary plumbers putty, play dough or a thick mixture of flour and water and insert the new thermometer and reassemble with the black scored line on the glass at the level of the normal operating range.

NALES IN THE NEWS

Sorry to report that Virginia Pearman was a little under the weather for a while there. Hope you're all better by now Virginia 'cause we sure do miss you when you're not around.

A lot of you probably remember Mike and Barbara Polk who were members of our Chapter until they moved to Idaho about a year and a half ago or so. Well, we have received a report from some of our members who visited them this summer that they are expecting an addition to their family and it's not another cow or goat!!!

Once again, I would like to thank all of the gals who have been so faithful in coming over to help get the paper mailed out the last few months. They include Joan Vandever, Patty Clary, Pat Boef, and JoEllen Elliott. I've had lots of offers of help from other people too and it is greatly appreciated. If you would like to help, we meet at my house (1818 N. Main in Santa Ana) on the Wednesday following the Board meeting. The work involves putting pages together and stapling them, putting stamps, address labels and return address and first class mail stamps on. It really isn't hard work, just time consuming, but if we have

three or four people to help it only takes about 45 mins. to an hour. SOOOOOOO, if you can spare an hour, come on over. We sure could use your help. We start about 12:30.

Thanks again to Penny and Dione and to all the Board for the fine articles.

Held off doing the last page of the paper till now. Had news good enough to 'stop the press' At 10:15 (Sept. 1) Rod Hofstatter called. Their brand new daughter is here! Her name is Yvonne Marie and she and Linda are doing just fine. CONGRATULATIONS, HOFSTATTERS!!!!!!!!!!!!!!
