CONKOL'S QUOTES

by Larry Conkol, President

July seems to bring out more old cars than any other month and this year promises to be the best yet. Our Model A's, as usual, have and will be playing a large part in the local displays, parades and special events. Last month a number of members open cars were used in a televised parade opening Knott's Berry Farms new Roaring 20's section. On July 4th the Fireworks display at Anaheim Stadium will also include a number of our A's. This years theme for the Orange County Fair will be set by even

more of our Model A's in the main mall of the Fair. We will also be represented at some shopping malls in the community. I'll have to admit it wasn't planned this way, but some of these events provided the major source of income for the club last month. Thanks to those who participated. Incidentally, the income we expected from Round-Up raffle ticket sales is well under our estimates.

Congratulations to Glann and Sharon Johnson for winning a 1st place trophy at the Concours d' Elegance in Los Angeles and to Ragner and Sally Lindman for winning a 1st place trophy at Harrah's Reno, Nev. car show.

Gary has shuffled and reshuffled his notes to keep all the functions of the club from conflicting with one another. No easy job but well done all the same. the campout lived up to our expectations with members "roughing it" in varying degrees of comfort. Thanks Jim and Bev Marsh for hosting a cocktail party and making the arrangements for dinner at the Spagetti Factory afterwards. Of course, we couldn't overlook Rak and Joan's 25th Wedding Anniversary. Seems they came home after a nice quiet dinner to find 50 or so well-wishers in their livingroom. Congradulations. You're really appreciated.

Thanks to Jon Heiland the internal workings of Model A, B and C engines are familiar to us along with what to look for on bearing surfaces and how adjustments are made. Thanks Jon.

Whatever you do - don't miss a dat at the beach with food and games for everyone who signs up at our Beach Party July 27th along with this months tours, ballgame and the all new Casino Night. See Gary's afticle.

This month's meeting will be at Trident Jr. High, 1800 West Ball Rd. in Anaheim (see map) July 10th at 7:30. Bring your Model A - we'll look them over before the meeting.

See you there.

BARNEY'S BRIEFS

By Gary Barnes, Actv. Chairman

Orange County Fair

Many of our members cars will be on display this year. We are being supplied with free tickets to get in, thanks to those who are displaying these cars. See Larry at the meeting!!

July 20 is worth marking on your calendar. Paradise Valley is again having their annual Rodeo. This year they can't get the BBQ pit, so be sure to bring a lunch. Soft drinks will be on sale there. We will be leaving the Orange Mall at 9:30 AM. The Mall is located on Tustin South of the 91 Freeway.

July 27th BEACH PARTY: Doheny Beach, summer, sand, the dig, prizes, Hot Dogs, watermelon, corn on the cob, and fun, FUN, FuN, fUn, and more FUN all for only \$1.50 adults and 75¢ for the kids. Rosie and I will be there at 6:00 am, so if you are not doing anything at this time, we'll see you there. If not then, come on down with the tour that is leaving Orange Mall at 8:30 am.

July 28: Angel Night - This meeting is the deadline for tickets.

Aug. 9th: Something new - Casino night at the Boefs this promises to be one of the best activities of the year. See you there at 8:30 on Aug 9th, More details at the meeting.

TEC TOC

by Rick Hall

Our last seminar was a real success! Thanks Jon. I think we all learned a lot about "A" engines. I think I have the confidence to tackle my own now. It's nice to see many of the new members at our seminars.

Our next seminar will be on water pumps at Jim Marsh's, 7:30 pm, Friday, July 18. See the back page for a map to Jim's.

The July meeting will have no program. However, we're having "Model A Night" instead. Everyone drive your "A"! We will start the meeting later than usual, but be there at 7:30 to display your car. Remember, the meeting will be at Trident Jr. High!

Toc, con't.

Help! I need help from you expert Model "A" mechanics and restorers. I need volunteers to put on technical seminars. Don't be bashfull! We have members who will volunteer their garages and parts and cars to be used in the seminars. All we need is your knowledge! Come on you guys!
