CONKOL'S QUOTES
 by Larry Conkol, President

October means it's time for our annual Round-Up at Knott's Berry Farm - Saturday Oct 18 in front of Independence Hall. This is by far our biggest event of the year with combined Model A and era clothing judging plus a Gumkhana. We expect members from every Model A club in So. California plus some who enjoy their Model A's with no club affiliation. The days events also include the drawing for the microwave oven, tool cabinet and tool chest for which you have been selling raffle tickets. There will also be well over \$300 worth of prizes in a seperate raffle, not to mention the "Goodie" bags, dash plaques and loads of trophies. During the second half of our next general meeting we will have seperate Round-Up committee meetings where the final wrinkles are ironed out. There are still some small but important jobs available which were designed to give as many members as possible a chance to take pride in Orange Co. famous Model A Round-Up.

Anyone looking for Model A era clothing call Bev Marsh and tell her what type and size clothing you are looking for. Bev has arranged for a private sale of 1928-31 clothing at her home Wed. Oct. 8th for club members. Men, women and childrens clothing is available but to insure finding your size, etc. call Bev as soon as possible. (839-5203)

Our Fall Pancake Breakfast was a huge success with lots of old friends, many new ones and of coarse plenty of Model A mechanics That sure was a great breakfast. On behalf of the whole club, I want to thank those of you who worked so hard that Sunday morning. It took Louise Hall to lay out a Poker Run that I could complete in close to the allotted time.- That I appreciate. Thanks Louise.

On the evening of Nov. 5th (Wed) we hope to put 25 Model A's on display at Huntington Center in Huntington Beach. They will be displayed inside the Mall Nov. 6 thru Nov. 9th. The club will receive \$20 for each car displayed. Let me know if you will participate. (772-8937) Funds will be used primarily to offset this years club Christmas party expenses.

At the Oct. meeting we will vote on a by-law amendment which would require 3 years prior club membership to qualify for a board position - give it some thought.

See you at 7:30 Oct. 9th at Trident Jr. High, 1800 Ball Rd., Anaheim. Don't forget to turn in your raffle tickets.

NOTE

Dusty Trail sends his thanks for the planter the club sent him while in the hospitiat recently. Dusty received a three-way artery transplant and is now home making a speedy recovery.

ALBERT SITTON HOME

We are asking for Halloween candy for the next meeting for the home. These kids don't get to go Trick or Treating so let's help them have a Happy Halloween.

BAKERSFIELD OR BUST!

by Louise Hall

Our trip to Bakersfield was a very exciting one. I will try to describe some of the memorable events that happened. But since this event took 3 days of participation I will be as brief as possible.

Members of our Club who drove their Model "A"s are the following: Vince Marriola, Rak Krist, Joe Morgan, Larry Conkol, Carl Elliott, Jim Marsh, Kelly Craig, Hal Martin, Glenn Johnson and Rick Hall. Those who also drove were Bill Vaughn, Don Antinocchi, George Staib and Carol Conkol. (Thank you Carol for driving your station wagon packed with extra luggage, kids and that handy tow bar.)

The excitement started happening on the grapevine on the way to Bakersfield. Kelly Craig's pick-up got a cracked head and had to be towed. Our car over heated and lost it's water down through a crack in the block. When we checked to see why it smelt hot even tho the moto-meter registered low the carbtorator burst into flames. We were glad that 2 of our tour members (Larry & Joe) carried fire extinguishers. All the damage incurrid to both cars was quickly repaired---due to the help of so many Model A experts!

Friday night the Golden Empire Club hosted us for dinner at a Baske' style restaurant. There was a tremendous amount of food served family style.

Saturday we had the car show at a lovely shaded area near the Kern river. A good time was had by all and especially by Joan Krist who unashamedly won a majority of the raffle prizes.

The Bar-B-Que was held about 2:00 and the food was really

delicious. We understand that one family prepared and served all the food. If they'd like to move to Orange Co. we'd sure welcome them with open arms.

We returned to the same spot Sat. evening for a dance. It was at that time that the trophies were awarded. Bill Vaughn was honored with a plaque thanking him for promoting the Model A hobby and especially the Golden Empire Chapter of MAFCA. The other trophies awarded were as follows:

28-29 closed	1st	Carl Elliott
28-29 open	1st	Rick Hall
	3rd	Jim Marsh
30-31 closed	2nd	Joe Morgan
	3rd	Larry Conkol
Modified	1st	Vince Marriola
	2nd	Richard Krist
Commercial	1st	Kelly Craig

Also awarded were hard luck trophies to Kelly Craig and Rick Hall. Ron Sharon recieved "Best of Show" and "People's Choice" for his sedan delivery.

The Orange Co. Chapter was also honored for having the best participation.

I want to mention too that Bill Vaughn and Glenn Johnson were judges, and thank them for a job well done.

Alot of celebrating was done at this time and the band was enjoyed by all. Some of us discovered the swings in the yard were a great deal of fun. We have a lot of real "swingers" in our Club!

One of our members who participated had more fun than anyone else. This member displayed his ability to have whole conversations in jibberish and had to be carried bodily from Larry Conkols car to his bed!

The trip home wasn't as eventful but Jim Marsh had to stop once to adjust his points. A highway patrolman practically caused an accident when he stopped to inform Jim that he was being a road

con't.
hazard.

When next years Golden Empire meet is mentioned be sure to mark our calanders and come along for the fun. The trip is exciting, the car show fun, the food good, and the participants---Crazy!!

TEC TOK
by Rick Hall

I;d like to thank Rag's and Sally Lindman for hosting our last technical seminar, it was very worthwhile and we all learned a lot.

On Oct. 8 at 7:30 Jim and Bev Marsh will be hosting a clothing seminar for both men and women in preparation for our Round-up. Carol Bensen will be there with a load of era clothing that can be purchased. If you have anything in particular that your looking for let Bev know.

Larry and Tom have requested that our next meeting night help us prepare for the Round Up. After the usual business meeting we will be holding committee meetings for the various jobs needed to make this Round Up the best ever. If your not on a committee this will be the time if find out what you can do that day.

SUPPORT THE ROUND UP!

If you are able to donate article's to be used for the raffle the day of the Round Up please contact Louise Hall at 637-1774. These can be men's or wemans prizes. We will be glad to give your firm publicity and it would be tax deductable!

T-SHIRTS

iron-on emblems and put it on one of their T-shirts.

RIM OF THE WORLD

The tour from Orange Co. left bright and early Saturday morning at 7 a.m. from the Orange Mall. The tour consisted of Conkols, Craigs, Grunklees and Morgans. The Johnsons ment them up at Lake Arrowhead. We all came together in the lobby of the Arrowhead Village Inn around 9:30 that morning. The only problems the Conkol tour had was Maynard's car was constantly thicsty and had to stop quite a few a times for a drink of water!!!! The air was clear and the scenery spectacular. After registering we all decided to go over and try our luck at the Men's gymkanna. It was held in the parking lot across from Santa's Village. Next time you see Maynard ask him about a Zenith carburator. Glenn showed us some fancy manuvering with the phaeton and we also learned a few new words. After the gymkahna we took a little tour up to Big Bear and had lunch. Later that afternoon the Lakies gymkahna was held in the parking lot of the Lake Arrowhead Village. It was an event called the Maypole. It was far from easy. An informal cocktail was held at the Inn and the banquet took place down at the Chalet. The dinner was one of the best banquet meals we have ever had. I think everyone really enjoyed it. The speaker was very entertaining and the whole program was beautifully handled. Trophies were handed out and those winning trophies in our group were: Larry Conkol-1st place Joe Morgan-1st place, Sharon Johnson-3rd place. After the banquet films were shown on the past rim of the world tours. The evening ended with dancing at the Chalet. After breakfast the next morning a unique poker run was held. Out of about 45 businesses only five were given cards. To find out who had the cards you had to go into the businesses and ask if Henry Ford was there. If they had the cards they would say "Yes" and give you one. If not you would go

Cont.

to the next business and ask there. We went into one business and asked if Henry For was there and the guy said No, He died twenty years ago!!! After the poker run it was time to hit the road for home. Anyone that missed the Rim of the World tour missed a great time. We're looking forward to going back next year.

BAKERSFIELD!!!
(Through the eyes of a newcomer)
by Ruth Craig

Early Friday, Sept. 5th (10 AM - Why should that seem early when my first Model "A" trip to Yuma meant getting there at 7:30 AM?) a happy group of 8 shiny "A"s left Jerry's Bar-B.Q. for Bakersfield. Due to the experience of blowing an engine on the Yuma trip and being the recipients of the lovely Hard Luck Trophy, you might say I had a few misgivings.

As we zoomed merrily along, I kept saying "Don't you smell something hot?" After a few beers to take my mind off the temp I was quite relieved when Kelly announced "Only 2 more miles and we'll have it made!" That was seconds prior to a noise I'd never heard before - like merely blowing the Head. As we hooked up to Carol Conkol's station wagon I was heard to murmur "Sure hope she can drive!" Going 65 with no was to stop made me a bit nervous, but sure enough we made it.

While I sat basking in the sun at the Rancho pool and Kelly retraced the trip to see if Rick & Louise Hall needed to be towed, a few neat Model A-ites were wire brushing and painting another head and replacing it. Before I knew it Kelly was making a test run around the Rancho parking lot.

Cont:

After a fantastic "Basque" many coursed dinner with our great Golden Empire hosts we returned to the Rancho for some sleep before the big day.

Saturday as we drove to the Shell Social Club ground, sure nuff there was Ruth saying "Honey, does that look like drops of water sneaking out the radiator cap?" There were lots of lovely raffle prizes, conversation, sun and a great barbecue and car judging in a beautiful setting.

We returned to the Shell Club as the evening sun was setting for drinking & dancing to a super band. Finally came the time all good car show-ers wait for. Our club did great, but when Kelly Craig was called out for 1st place commercial I ran up to claim that beautiful trophy. (Where was Kelly?) I also had the fun of collecting one of the 3rd annual Golden Empire 1975 Hard luck trophies for that little "Crackerbox" but who cares - Bright and early on the 20th, I'll probably be ready for the "Rim of the World"!!!
