## CONKOL'S QUOTES

by Larry Conkol, President

September means or Fall Pancake Breakfast (Sept. 14) is here. After the breakfast at Hart Park Louise Hall has a Poker run set up for us so bring your friends and neighbors. They'll have a good time, especially if they've never been on a Poker run before. Membership or a Model A is not required but those of us who drive an A will receive mileage credit. Besides, the more people that show up the better my chances of not coming in last.

There are also a lot of good tours this month including two week-end trips. All the tours are to Model A events sponsored by other MAFCA chapters so if you like Model A's this is the month you've been waiting for. See Gary's article for details.

If you missed Casino nite at Pat & Larry Boef's you were a bigger loser than anyone there. We all had a great time and the club treasury is over \$100 larger than before. Thank you Pat & Larry

Thank you also to Darlene Staib who co-ordinated our progressive dinner and who was one of our host for the evening along with the Plotkins, Grunklees, Arcelios, Heilands, and Hottels. Thank you all. Your homes, hospitality & of course, the food couldn't have been better.

Our Summer Bowling League is over seems like it just started. Rak & Joan, Rich & Judy, alais the Polish A's, ended up in 1st place. It was a lot of fun, mainly because when Jim Douglass (Bowling League President) takes on a job you know everything is taken care of. Joan Krist was the League Secretary who not only kept the paperwork straight but managed to get us some money back at the end of the season.

Kathy Marcacci is our new editor & publisher. We appreciate your willingness to take on this important job especially after Patsy Heller & her girls have done such a fine job for the last year & a half. Patsy -everyone in the club is in your debt - Thank You.

Sharon Johnson is putting together a fashion show for the September meeting. This should give you an idea of the clothing worn at the Round-up which is 50% of the points awarded. The other 50% is for your Model A.

Bring some items for the Round-up goodie bags to the next meeting. Most local merchants have promo-

tional items (pens, matches, yardsticks etc.) Try for 200 but smaller quantities are also useful.

The September meeting will be your last chance to get some raffle tickets for the microwave oven and tool cabinet and tool chest to be given away at the Round-up - the way it looks now - if you buy a couple of tickets you stand a very good chance of winning. The tickets cannot be sold the day of the Round-up. (Sat. Oct. 18)

Been wanting to have a BYOB Party? Gary says the night of the Round-up is open. Another possibility is the day after Halloween. Let Gary or me know.

See you September 11th at Trident Jr. High, 1800 W. Ball Rd. Anaheim at 7:30.

#### BARNEY'S BRIEFS

by Gary Barnes, Actv. Chairman

Bring a friend to the Pancake Breakfast. Let them see what this Model A stuff is all about. Have them bring a car so they can join the Poker Run, why should they get through the day without that aggravation!! Don't miss this run, this is your chance to see how rotten Rick and Louise Hall really are. Also this counts for mileage.

Did you catch who is having that Swap meet on Oct. 5? This is really getting out of hand. Antique Motor News is now having two meets a year, a plasterer is throwing one in San Bernadino, Two Guys just threw one at the L.A. Fair Grounds. They could care less whose toes they step on as they are just after the money, it is not a Hobby and

a way of Life as it is for you you and me. The only one who really benefits from these are the promoters. The ones who lose are us, the Hobistist. Next time you go to a meet---THINK ABOUT IT.

Larry Conkol is going to lead a tour to the Show and Swap meet at the L.A. Fair Grounds on Oct. 12th. He will be leaving Orange Mall at 9:00 A.M. this is for mileage. This is being put on by the Pomona Valley Chapter MAFCA. They need oru support.

Oct. 18 is a big day. The Round up. - Start polishing, and planning to attend now. It's a fun day and climaxs a full year of planning and work.

The Board met at Gary Barnes & was called to order by president Larry Conkol.

TEC TOK  
by Rick Hall

Our next meeting will be at Trident Jr. High School in Anaheim on Sept. 22. Sharon Johnson has organized a fashion show for this meeting to show us correct Model A era clothing. Everyone should be there for this show so we can all put on our best for the Round-up in Oct.

The next technical seminar will be on pop-out switch for Model A ignition. Rags Lindman has invited us over on Friday, Sept 19 at 7:30 P.M. A map to Rag's place is in the back of this issue of the Distributor.

I'd like to thank Glenn Johnson for the last seminar. As Glenn pointed out so well, there is much more to good Model A brakes than a new set of linings. Thanks Glenn!!
