Three fine ladies have volunteered to be in charge of the clubs three most important events. Mary Livingston is doing the Adult Xmas Party, Darlene Stinnett is doing the Progressive dinner, and Louise Hall is doing the Childrens Xmas Party. You will be hearing more on these events later. Just remember to help out when you can and I'm sure these parties will be very successful.

July 31st is the date of the Henry Ford birthday Gymkhana at Lytle Creek Park in San Bernardino. This will feature 8 events given by 8 chapters of M.A.F.C.A. All Model A's are welcome, with Four cylinder engines. The registration is free, with 32 trophies awarded, donated by the 8 chapters.

THE PREZ SEZ
by Karl Elliott, President

I would like to welcome the new members who have joined the club recently. I'm sure I speak for all the members when I say welcome to our club and as you participate in the club you will make many friends all of which make owning a Model A more enjoyable.

I'll see you at the meeting.

As we enter the month of June we look back on May with enjoyable memories. Our tour to Bakersfield with 11 Model A's was a lot of fun even though the Plotkin's A threw a couple of rods. We came home with some trophies and memories of a fantastic dinner and dance which seems to be better every year. A special thanks to Bev Marsh for being available as our club towing service.

Thank you Sally Lindman, Mary Livingston, Dionne McNabb and Penny Vaughn for furnishing cookies at our May general meeting.

The wine tour on the 22nd was one of our best local tours. 16 Model A's and several modern cars enjoyed a nice tour to three wineries including a picnic lunch at one of the stops.

JUNE - 50 YEARS AGO

Production of the Model "T" was suspended this month. The new Ford was on the drawing boards.

VIRGIL STOCKARD
TECHNICAL ADVISOR
893-2502

I would like to thank Bill Vaughn for the seminar on carburators, we had about 20 people present, we received hand out material that should be very helpful, along with all the helpful ideas passed on to us by Bill.

For our June seminar we will be holding a program to try and help you get your car in better show condition. We will be gathering some of our members cars, os various years and models for constructive criticism. We will meet June 11 at 1 PM at the Morse School across the street from Glenn Johnson's.

Hope everyone is working on their quilt patch. Either applique or embroider a replica of other chapter patches on our quilt squares. Deadline for return of squares is July 14th our July meeting.
