THE PRESIDENTS MESSAGE
by Tom Schenk
637-9599

This month our meeting will be held in the "Merchants Room" at The City Shopping Center.

"The City" is located off Chapman and Manchester Streets, where the Santa Ana, Orange & Garden Grove Freeways intersect. See map for directions.

The "Merchants Room" is located outside the Mall, across from the J.C. Penny store. I suggest we park in the lot behind the Penny Auto Service near to the "Occidental Life of Calif." corner building as possible.

Arrangements have also been made for a pizza stop after the meeting at La Pizza Grotto which is on the corner of Chapman & Haster. Haster has an easy on back to the Freeways.

TECHNICAL
by Kevin Vidal

Last month we had two fine seminars, one on the assembly of the

Technical Contd.

Model "A" front end and another on wheel painting. The first of the two was on putting together Jim Marsh's front end on his 1928 Phaeton. The seminar seemed to be a success, after all. Jim drove his car to the Pancake Breakfast. Eight days later we had a wheel painting seminar at Matt Plotkins shop in Hawaiian Gardens where I painted 8 1930 wheels with the new Dupont Imron paint. This seminar was another success especially a couple of days later when I put on new white wall tires and shiny new hub caps. If anyone wishes to know more about this new Dupont paint see me at the meeting.

The seminar for April will be given by Joe Wavra on installing turn signals on the Model "A". This is an idea worth considering for those of us who drive our Model "A"'s quite a bit. There is a map in the back of the paper showing the way to Joe Wavra's home.

The activity for the coming meeting will be a used paper back book auction. Each person may bring 3 paper backs, or more, to be auctioned off with maximum bids of \$1.00 each. Larry Boef will be head librarian and Auctioneer. Use discretion on subject matter. Keep titles secret until they go on the block. Any books not sold will be donated to a worthy cause.

Technical Tip for this month is if you are stuck for a belt for your Model "A" you can use a Gates 700 available at any parts store or a Modac 96 available at Napa parts stores.

Thanks to everyone who helped out with the gymkhana at the Pancake Breakfast.

ROUND-UP 1979
by Chuck Williams
836-7057

Many thanks to Sylvia and Dick Berbiar for getting us our raffle tickets again this year. Special thanks to Sylvia's dad, Mr. Grimes who actually did all the leg work

Round-Up Contd.

Well, it's all set. All the basics for the Round-Up are on hand. We have the flyers, posters, Round-Up tickets and raffle tickets. The Quilt and trophies are progressing and we sold 17 tickets for the raffle at the Pancake Breakfast. Things are shaping up nicely. We're off to a real good start and I hope it pays off in great dividends come October 20th ie Round-Up time. With your support and help, it will.

Now that the tour season is upon us and all the printed materials are available, I Plan to start advertising to get better coverage early in the game. I'm going to update the advertisements in the Restorer, and Model "A" News. Also, I intend to place ads in other magazines such as Antique Motor News, Hemmings Motor News, Old Cars and the Orange County Illustrated. If anyone has some suggestions on how we can get additional coverage (cheap) please let me know.

There are still 5 quilt squares which haven't been spoken for; and Linda would like to have these taken by the next meeting. See you there!

ATTENTION ALL MEMBERS!

SOME WHERE "OUT THERE" IS A BOOK ON GYMKHANA EVENTS AND 2 STOP WATCHES THAT BELONG TO THE CLUB AND ARE NEEDED. SO SEARCH YOUR CUPBOARDS, CLOSETS, DRAWERS AND ANY PLACE ELSE YOU CAN THINK OF AND RETURN THEM TO KEVIN VIDAL OR DICK McNABB.
