THE PRES SAYS
BY TOM SCHENK

Well the Round Up is over for 1979, and thanks go to a lot of members who worked in so many ways. It was about the only rainy day in October wasn't it?

Thanks too, should go to Steve Balmer and Joe Wavra for putting on an excellent technical seminar last month on tuning up the Model A.

Also a big thank you for hosting the Fun Halloween Party Mike & Mary Livingston. This has come to be an annual event at your beautiful home on Emerald Bay. We had a great time.

My thanks also goes to Judy Griffin who has volunteered to serve as Hospitality Chairman for 1980. Can we find any willing workers who would help on Raffle Prizes each month as well as Distributor Editor?

EDITORS NOTE: Dick McNabb has volunteered to be our new editor..

Mileage patches were earned in October by Tom Matthey (2,000 Miles) Matt Plotkin (3,500 miles), Joe Wavra (4,500 Miles, Richard Carter (1,000 miles).

Also, The Restorer will do a feature on our Round-Up again sometime soon. So look for it in the coming issues.

Round-Up Contd.

Thanks again to all of you great people who supported the Round-Up this year. In spite of the adversity, it was still a success and best of all we didn't loose any money.

Sincerely,
Chuck Williams

HALLOWEEN PUMPKIN TOUR

by Matt Plotkin

In spite of threatening weather, 11 families showed up for the third annual Pumpkin Tour. We all left South Coast Plaza at about 10:30 A.M. on Sunday, Oct. 13th.

The tour was led by Ryan and Kelly Johnson, ably assisted by their parents Dennis and Colleen in their 1930 Town Sedan. We toured to a pumpkin patch on the back roads of Irvine. There is still some land out there without houses, just ready for planting. At the pumpkin patch, everyone picked their pumpkins as if they were diamonds - being very selective to find exactly the right one. After paying for our prize selections (and some of us getting a few free ones) we continued on the tour to a Regional Park in Irvine - proceeded to a secluded area with an adjacent little play area - ate a fast lunch - and then started the fun of carving out the pumpkins. As a quiet hush settled on the crowd, you could see everyone busily working on their masterpieces, while sneaking side glances at the competition. At long last, we had the judging. The younger childrens pumpkins were judged first. Younger children are considered 18 and younger. The winners were:

With all the work these kids put into their pumpkins, they really deserved the prizes.

We then proceeded to judge the older children. Older children are considered 75 years old and younger. It was suggested that only the younger children vote for the older childrens pumpkins, and so it was. The winners were:

Best Pumpkin - no props
Dennis Griffin
Second Place Pumpkin- no props-
Bev Marsh
Third Place Pumpkin-no props
Tom Simons
Best Pumpkin-with props-
Matt Plotkin
Second Place-with props
Joe Wavra

And so ended a fun day as we all started to depart. Joe Wavra had such a good time, that he and Judy Balmer decided to leave Stephanie there until next year. However, Jon Heiland got wise to them and grabbed them before they left.

So, start thinking about your carving for next year. It's never too early to get your ideas together.

ROUND-UP TROPHIES

Matt Plotkin

A special thanks to Fred Bloin and Dennis Johnson for their time and efforts in helping to make the trophies for the Round-Up. If it weren't for their help, I would still be working on them. Thanks again, your work is really appreciated.

Thanks to Mary Stockard, Penny Vaughn and Bev Marsh for supplying our October refreshments.

Mr. T.R. Rickens won the \$400.00 (he didn't wish to go to Reno) at our Round-Up. This winning ticket was sold to him by our member, Mrs. Ricky Lane.
