Here it is - our clubs busiest month of the year!

I am calling on each and every Model A'er to dust em off, put on your garb and get on out to our own Orange County Round-Up on Oct. 20th, at Knott's Berry Farm. Let really bring out the cars and people this year--Bring some friends along and enjoy the Round-Up!

As you can see in this months calendar we also have the Annual Pumpkin Tour, All Ford Picnic Tour and Halloween Party at Mike & Mary Livingston's to look forward to, Isn't October a great month!

I want to thank the following for showing off their cars at "The City" Mall last month. Thanks go to Bill Vaughn, Maynard Grunklee, Rak Krist, Chuck Stinnett, Tom Mathey, Dennis Johnson, Bud Lacey, Conrad Starten, Chuck Williams, Larry Conkol, Larry Boef, Ray Gunther, Jack Shenk, Peggy Word, Joe Wavra, Steve Balmer, Jim Douglass & Glen Bowers.

Last months meeting at Trident Jr. High was so well attended by new members and guests that it is a real delight for me to ass all

Pro Tem

The September Board Meeting was held at the Boef's. The meeting was called to order at 7:58 P.M. by club President, Tom Schenk. The minutes of the August meeting were read by Matt Plotkin. The treasurer's report was read by Larry Boef. Sharon Johnson reported on the following activities,

- 1) Jewel City Camp-out 9/29&30
- 2) Goldin West College Swap meet 9/30/79

Board Meeting Contd.

- 3) All Ford Picnic at La Palma Park
10/7/79
- 4) Pomona Swap Meet 10/7/79
- 5) Annual Pumpkin Tour 10/14/79
- 6) Orange County Round-Up 10/20/79
- 7) Halloween Party 10/27/79
- 8) Torrey Pines 11/2,3,4/79

The editors report was made by Pat Douglass. The Board voted approval to have the club typewriter repaired. Pat announced her resignation as editor of The Distributor effective as soon as a successor is found.

The program for the October General meeting will include the asser'ving of a tour kit and a slide show on the Round-Up.

Chuck Williams reported that Round-Up progress in most areas was right on schedule. We are very weak in registrations from our own club! Saturday, Oct. 13th, will be a meeting at Chuck William's house for all people working on the Round-Up and anyone not currently working but who would like to help in any capacity. The Board voted to increase the amount of money to be spent on door prizes for Knott's.

The Board voted to give Darlene Stinnett a larger budget for the childrens Christmas party than last years Budget.

The next Board meeting will be held at Tom & Arlene Schenk's.
Meeting adjourned at 10:22 P.M.

ROUND-UP REPORT
by Chuck Williams

Now is the time for all good members to support the Round-Up.

Please come out Saturday Oct. 20th to your clubs biggest event of the year. You'll like it! Last year we only had 25 cars registered by Orange County--the Host Club. I know we can do better. Come on folks, let's get behind your event and give it a big boost.

There will be Model "A"s galore, people dressed in era clothing, raffle prizes, trophies, goodie bags and of course Knott's Berry

Round-Up Contd.

Farm with all its fun and excitement.

I'm counting on great support from the membership this year so come on out to rhe Round-Up and don't let your Round-Up Chairman down.

For those new members who aren't familiar with the Round-Up-Linda and I will be putting on a presentation at the next meeting to tell you all about it.

See you there, Chuck

ROUND-UP QUILT
Linda Williams
836-7057

Well, there are a few days left to sell raffle tickets to win the quilt ro the trip to Reno. Remember, the money from these tickets pay for many of the costs of the Round-Up such as prizes, trophies, etc. Come to the meeting and see the quilt!

TECHNICAL
by Kevin Vidal

The after meeting entertainment for this month will be on tour kits. Some of the clubs more experienced members will bring in what they think the proper tools and parts are that one should take on tour. Each displayer will give reasons why they carry their specific items. At the end, one might be able to determine just what tools and parts to bring on "A" tours..

The seminar this month will be on the tune-up of the Model "A" Ford. There'll be a bunch of guys there with all different types of ways on how the Model "A" should be tuned up. Come and find out just where the rotor should be set at and when the spark should occur while pulling down your spark lever. At the conclusion of the seminar you should come out with a great tune-up procedure for your won "A". The seminar will be held at Joe Wavra's

house the friday night after the meeting (10-12-79) at 7:30 P.M. See map in back.

In the 20's, engine overhauling was a major problem for the motorist. However, with the advent of the high compression engine such as the Model "A" Fords, it whetted the appetite of the public for real car performance. All this was changed to demand for expert tune-up men. Countless specialists in engine performance and light service work sprang up in the early years of the Model "A" production.

"ROUND-UP RAFFLE TICKET
TIME IS NEAR"

Hello all you raffle ticket sellers, this is your friendly raffle ticket chariman with a kindly reminder to be sure and turn your ticket stubs and cash in to me at our next regular meeting, Oct. 11th, let's make this a real good year for Chuck Williams and all the others who have worked so hard on the Round-Up.

We need the help and support from each & every one of you, so don't forget ticket stubs & cash this coming meeting night.

Thanks again,
Bill Vaughn
