TIME: 7:30 PM

PLACE: South Jr. High School
2320 E. South St.
Anaheim, Ca.

ACTIVITY: 1931 Trip to Mexico City
in a Model A with Gil Prince.

WINE MILEAGE TOUR
by Jim Marquardt

Our annual Wine Tour is Sunday June 13th, and it's a mileage tour. We will depart the Orange Mall at 9 AM. This year we are heading South toward Temecula and Rancho California. Larry & Gerry McKinney will be the tour leaders and they have lined up a few of the more vintage wineries. This will be a rip-roaring good tour, so see ya there. Bring your families, kids, and picnic baskets. There will be some deli items available wher we will have lunch. (cokes, salami, etc.) For you Alpha Romeo enthusiasts, the owner and operator of Hart winery will be Joe Hart, who is the tour leader for the San Diego Alpha Romeo Car Club.

CAMPING REMINDER
by Jim Marquardt

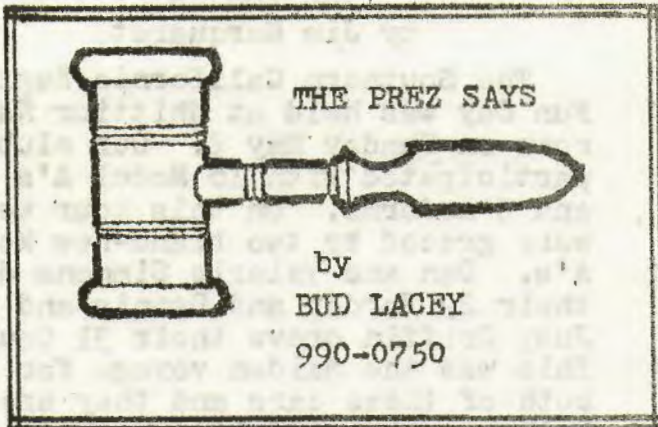

We are going camping June 25 thru June 27 at Lilac Oaks Campground near Escondido. This is a beautiful campground, and I'm sure we'll all have fun. Especially for our newcomers, it's time to get involved and you'll never meet or enjoy better people. Bring your tents and ice chests or if nothing else, bring a sleeping-bag and a bottle of wine. There is no better way to get to know all of us, and you'll always remember it. This is for our older "vintage" members too. We'll all stand around the campfire and exchange camping stories as well as driving stories.

Contact Jim Marquardt now.....

BOARD MEETING NOTES

by Dan Simmons

The May Board Meeting was called to order at 7:40 at the home of the Marquardts. Insurance of the National to cover cars during events was discussed.

The next seminar has been changed to Bob Ferrazzi's house. Mall shows were discussed, three shows are coming up. Also discussed was the effect on club activities of vacations of the board members and the trip by Bud to the National Meet.

Round-up tickets are here and 17% of them have been distributed. The quilt patches are due. Under old business the board discussed patches and decals. Under new business the sale of Tupper ware at the general meeting was discussed. The June board meeting will be held at the Marshes on June 24th.

* * * * *

TUPPERWARE

At the June general meeting we will be selling Tupperware before, after, and during the break. Sheila Plotkin will be handling the sales. The club will receive 15% of the sales for our treasury.

COPIED FROM A REAL NEWSPAPER

The following article was clipped from the LA Times by Pieter Dwinger. Speaking of autos, they don't make them like they used to. An around-the-world trip would be a chassis-breaker for any modern car, but Kurt Pererson plans to make the trip in his 51 year old Model A Ford. Starting in Minneapolis, through Europe, the MidEast, India, Malaysia, and Australia. For those who may wonder about the wisdom of risking a valuable old car on such a journey Petersen has an answer: He has five more equally old Model A's in his garage at home.

The month of June is here and there are many activities planned during the month. From the clubs treasury standpoint the main events are the three car displays the club has signed contracts to do in June. The treasury will receive a \$1300 boost. The displays are June 9 to June 13 at the Buena Park Mall, June 10 to June 13 at the City Shopping Center and June 16 to June 20 at Fashion Square in La Habra. The membership voted to give tour mileage to those who have their car in one of the displays and goes on the wine tour in their modern car. Another activities event in June is the campout June 25 to June 27 at Lilac Oaks, which is near Escondido.

June also is the start of vacation time and some members include the Model A in their vacation plans. One such trip by about 8 member families was to go to the MAFCA 12th National convention in Minneapolis. That group has reduced to a family of 1, that being my family. An alternate trip is being planned by Joe Wavra to tour the Napa Valley and vicinity wine country the last week in July. So if Minnesota is too big of an undertaking for you, then give this trip a thought and if you are interested, check with Joe Wavra. Trips like this which involve more than one day are a lot of fun.

LIFE IN THE SLOW LANE
by Jim Willett

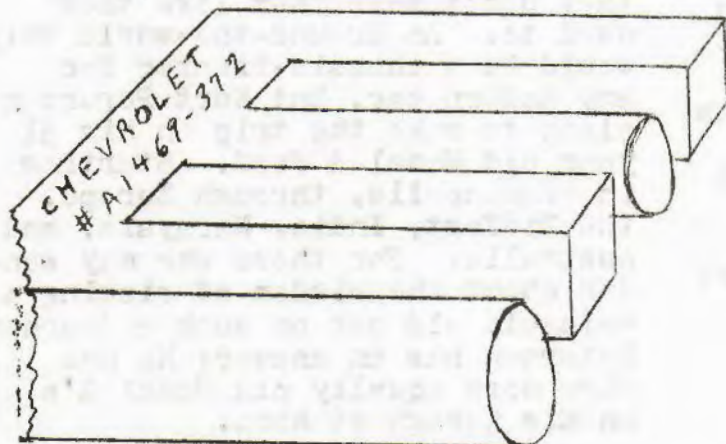

Club member Denny Johnson and his friend Dan Hoover started their complete-circuit-tour of the West Coast on May 14th. They departed Heritage Park in Irvine on Friday afternoon and headed South for Vancouver, British Columbia. Their wives rode along for the first part of the tour, as far as Mexico and back to Irvine. From there the guys were on their own until the wives flew to Portland the next weekend to join the men again and all toured to Vancouver and back to Portland. The wives flew home and the guys were headed home in the car.

The car; It was Denny's 1930 Town Sedan. The reason; A fund raising campaign for potential abused children (as well as a real fun time). The distance; 3400 Miles with the wheels rolling and 100 miles afloat (the ferry to the islands). The mechanical memories; Something loose near Ft. Bragg-solved by a resident Model A'r and a burned valve-solved by a local "Shade Tree" mechanic and one flat tire.

Some of the highlights of the tour were; The beautiful islands near Vancouver, a day spent in the Mother-Load country, and the interesting people met along the way.

Club members on hand for the "send-off" were Bev Marsh, Matt Plotkin, Jim and Pat Willett. Also on hand were Jeff and Ruth Frisch.

1982 FUN DAY
by Jim Marquardt

The Southern California Region Fun Day was held at Whittier Narrows on Sunday May 2. Our club participated with 16 Model A's and 5 moderns. On this tour we were graced by two brand-new Model A's. Dan and Valerie Simmons drove their 29 Fordor and Dennis and Judy Griffin drove their 31 Coupe. This was the maiden voyage for both of these cars and they are both very beautiful. Congratulations to the Simmons and Griffins.

As the day transpired, it was beautiful and warm. Everyone had picnic lunches and the Wavra's even barbequed. Most of our drivers participated in the gymkhana events and a few of them even practiced carburetor rebuilding and timing exercises on Jim Marquardt's Tudor. (my thanks to Joe and Bud). Later in the day the awards were given out. The winner of the raffle prize, a nice floor jack, was the man who was selling the tickets. Our club toured back in mid-afternoon via two separate tour groups. Some took the high road and some took the low road but everyone had a great time.

MODEL A's;

Justice	Lacy
Wavra	Marquardt
McKinney	Spielberger
Kelley	Nielson
Johnson	Marsh
Willett	Mraz
Simmons	Heiland
Griffin	Hampton

MODERNS;

Dwinger	Hiatt
Kelley	Morgan
Lane	

TROPHIES;

Glen Johnson	Balloon event, Oops
Jim Willett	Balloon event, 2nd
Lisa Willett	Snail pace, Oops
Lori Willett	Garage park, Oops
Duane Hampton	Snail pace, 1st

The trophies which our club awarded were furnished by Lou Spielberger. Our thanks to Lou.

Nuts and Bolts

TECHNICAL REPORT
by
LOU SPIELBERGER

Last months' seminar and baby shower at Joe Wavra's house was well attended. All that noise was Jim Willetts' fender being straightened. It was a rough one, sorry about all that noise.

The June seminar has been changed to Bob Ferrazzi's house at 13402 Laurinda Way, Santa Ana. See the map on the back. It will be on installing a diode in the cutout in place of the coil and points. The seminar will start at 7:30 PM and Lou has the diodes @ \$2.75, bring your cutout.

At our June meeting Gil Prince will speak on his trip to Mexico City in a 1931 Model A Roadster. The trip was taken in 1931.
