NEXT MEETING

- DATE: MAY 13, 1982
- TIME: 7:30 PM
- PLACE: South Jr. High School
2320 E. South St.
Anaheim, Ca.
- MOVIE: The auto race of 1909 from New York to Seattle.
- ROSTER: The 1982 Roster will be available for all members of the Orange County MAFCA.

SUMMERTIME CAMPOUT

It seems as though last month I was the only person in the club who received the club paper before the meeting. That's because mine did not have the club's 1982 Roster in it. All the rest did and the Post Office held them due to excess weight for the postage attached. They were picked up and rosters removed, then remailed. Sorry you did not get yours in time to get a map to the meeting place, missed a lot of you at the meeting. Please come to the next meeting and pickup your 1982 roster. When you get it and you find someone's name missing it's due to the fact they either did not pay their dues or were late in paying. There will be additions to it in the near future. If you know someone who's not in the roster, give them a call and tell them to send in their dues.

I would like to thank Bob and Pat Ferrazzi for arranging the meeting place for April. It is a perfect place for the meeting.

I see we have 2 new Model A's on the road. Both are supposed to go to the fun day and I hope they bring them to the May meeting. The cars are Dennis and Judy Griffin's 1931 Deluxe Coupe and Dan and Valerie Simmon's 1928 Fordor.

I hear the Yuma tour was a lot of fun, hope to have a report for you on that tour at the May meeting.

Spring is here and Summer is coming up quickly for our "A's". So is our camping trip, the date is Friday night 6-25 through Sunday afternoon 6-27. We are going to Lilac Oaks Campground, which is near Escondido and Ramona, off Hwy 15. It has a small store, 2 lakes for fishing, a pool, game room (with Pac-man), hayrides, and even a Saturday night movie. We were there 2 weeks ago and it was very clean, with lots of shade trees, and hiking areas. I currently have 10 campsites reserved, which will go to the first 10 to contact and pay me. We have an option on 5 to 10 more if needed. For reservations call;

Jim Marquardt 553-7236 days
552-7128 evenings
The campout is two nights, Fri. and Sat. For \$13.00 for Electric and water hookups.

They also have trailer rentals available. Call them direct at 714/749-1179.

COMING SOON

Coming shortly is the first annual women's driver education driving class and Mileage Tour. This class and tour are designed specifically for those skeptical male drivers and owners, as well as those as-of-yet-unblossomed female Model A drivers. It will point out two more advantages in owning a Model A.

1. It makes available one more car and driver for family transportation.
 2. It shows that men don't always have to drive on tours.
- This will be a mileage tour, and remember to bring your picnic baskets.

TOURING YUMA WITH THE C.B. BUDDIES
by Larry McKinney

A special treat was in the of-
fing as seven Model A's, a VW van,
and five C.B. radios took off for
Yuma, Arizona a couple of weeks
ago. They were all headed for the
annual "Back to Yuma" car show and
gymkhana. They started at Orange
Mall on Friday morning, with Keith
Justice being push-started. In
fact, he would have been better
off had he pushed his car all the
way to Yuma, for he later also
burned his points and generator.
That wasn't all the excitement;
Joe Wavra had electrical problems,
and Larry McKinney had his typical
electrical problems as well as
running a little hot. Anyway,
they all arrived in Yuma 9½ hours
later. That evening a poolside
BBQ was attended by 20 of our mem-
bers, where everyone was able to
meet and chat with other club's
members. The next morning an 88
car parade (all Model A's) toured
through Yuma, escorted by the Yuma
Police dept. There were 150 Model
A's and 298 people who participat-
ed in all the activities. Throu-
ghout the day there was also the
car judging, a gymkhana, a fashion
show, a prison tour, the Hubley
races, a cocktail party, and an
awards banquet. Orange County
didn't really make a killing at
the awards banquet, but Merle
McClellan did win a large cash
door prize. Another award,
though, was given to an Orange
County member, "Best of Show".
And the funny thing is that his
car was purchased years ago but
was shelved until just recently.
It was built in the last month
specifically for the Yuma tour.
It was a Hubley model built by
Joe Wavra, in the likeness of his
1930 Town Sedan. To prove Joe's
workmanship, this car was raced
in the Hubley Races by Stephanie
and Jeremy Balmer, where they won
a First Place Award. This proves
again that big surprises come in
small packages.

Continued

Sunday morning everyone packed
their luggage, and Joe packed his
cars, and Yuma was deserted as
fast as it was filled. After a
few food, gas, water, and elect-
rical stops all our members
arrived home Sunday.

COMING SOONER THAN LATER

A mileage tour and picnic
is being planned to visit the
"March Field Museum" at March
AFB in Riverside. The Museum
contains military aircraft and
exhibits from WWI through the
present. A few mentionables are
B-24 Liberator, P-51 Mustang,
B-29 Superfortress, B-25 Mitchell
bomber, and a Curtiss P-40 War-
hawk. There will be a grass
picnic area available, so plan
on bringing your family and a
picnic lunch.

TRIPLETTTS

All ladies in the club are
invited to the baby shower for
Cheryl Conkol (who already has a
baby girl named Collette), Georgia
Sterling (who is expecting a girl
in June), and Kim Kelley (a new
member in the club) who is expec-
ting in July. The shower is at
Wavra's in Costa Mesa, May 14,
at 7:30 PM. Same time as the
technical seminar.

The April program was postponed and Gil Prince has graciously offered to speak at the June 10th general meeting about his trip to Mexico City in 1931, in a Model A roadster..

The program at our May general meeting will be a movie, The auto race of 1909 from New York to Seattle. Guess who won?

The May seminar will be May 14 at 7:30 PM at Joe Wavra's house, 1834 Jamaica, Costa Mesa. It will be on the basics of body & fender work.

The April seminar at Wade Roberts house was very good with about 20 members showing up. We learned with some difficulty that there is a difference between 28 and 31 parts.

The June seminar will be on installing a diode in place of the coil & points in the cutout. It will be held at Jim Marquardt's house. Lou has the diodes @ \$2.75 each.

Lou's Monthly Hint:

When a zerk fitting becomes nicked or slightly damaged in any way, it is almost impossible to grease the part with a lubegun as the lubricant squeezes out around the nick when pressure is applied. As an emergency repair, I have found that a piece of cloth placed over the end of the gun serves nicely. The cloth is stretched tightly and is punctured by the end of the fitting, thus allowing the grease to pass but effectively sealing the nick in the fitting.

BOARD MEETING NOTES

The April board meeting was held at Dwinger's. The meeting was called to order at 8:10 PM. The board members gave reports. The Fun Day activities were discussed, the gymkhana was being planned by Jim Marsh and the trophies were made by Lou Spielberger. The raffle tickets for the Roundup are now being printed. Arm patches and baby shower were also discussed. The meeting was adjourned at 9:06 PM. The next board meeting will be held May 27th at Marquardt's.
