The Yuma Tour was a most enjoyable trip. The weather was sunny throughout the tour, except when we returned to Orange County (rain, of course).

Gerry McKinney, Stephanie, and Jeremy Balmer were the Orange County winners. Glenn Johnson was the Windshield Wiper and Engine Running Judge. The only major breakdown was the Kelley's tudor (distributor-radiator-rear main seal, etc.).

The highlight of the entire trip was a surprise tour, planned by the McKinneys, for Saturday, at 5:15 P.M., in which only they knew the destination. After about a ten minute drive, we parked in front of a wedding chapel. As we all gathered in front of the chapel, comments were made as to how nice that Larry and Gerry had arranged for the club's cars to be in a wedding. BUT, the surprise announcement was that Larry and Gerry were going to be married! The wedding service was absolutely perfect. This was followed by the traditional rice throwing, and then Vince and I served pink champagne, in front of the chapel.

From the wedding we all toured to the banquet and awards ceremony. The M.C. was a dead ringer for Johnny Carson, in speech, dress, mannerisms, nervous tick and gift of gab.

A WEDDING RECEPTION  
IN HONOR OF

LARRY AND GERRY MC KINNEY

Judi and I will be giving a wedding reception for Larry and Gerry, at our house (see map located in The Distributor), Sunday, May 15th, at 2:00 P.M. All adult club members are invited. The reception theme is Western. Potluck and B.Y.O.B.

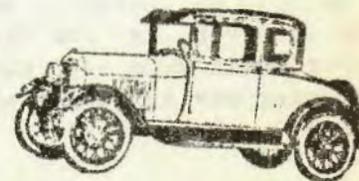

If you have NOT yet registered your favorite potluck contribution for the party with Val, Rickie, Sharon or Joe, please call Judi Dwinger before Thursday, May 12.

This is one reception party you won't want to miss.

## On The Road Again

BY GERRY MC KINNEY 963-2724

What can I say. If you missed the fun weekend in Yuma--maybe next year. It was really a terrific weekend with cars running well (almost), perfect weather and even came back with a trophy for my part in the ladies gymkhana. We talked about trying to get a good turnout, and we really succeeded. Those touring in As included the following: Johnsons, Justices, Kelleys, Lacey, Mariolas, Mrasz, McClellan, McKinneys, Simmons, Spielbergers, and Wavras. Those touring in moderns included the following: Balmer, Dwingers, and Lanes. Thirty (30!!) Orange County tourists.

Bud Lacey led the group on a very beautiful trip inland through Julian and then on to Yuma. Larry and I left early on Tuesday, as we had a plan in mind. We made all the arrangements, and then we had everyone follow us to a surprize. We left the Chilton Hotel with everyone in line behind us and our destination--Lutes Wedding Chapel where we were married on April 16, 1983, at 5:30 P.M., with all our friends and relatives totally shocked. We really pulled a good one. On the way home everyone asked how are we going to top this one next year. Wait and see! Just a reminder: If you are interested in going up North to the GoldCountry, see Joe Wavra or me for information.

# Let's Get Technical

BY PETE HIATT

998-2510

No Seminar was scheduled for April as our club's tour to Yuma coincided with the usual seminar date. Scheduled in its place was the open house tour of Egge Machine Company, April 28. The tour of the plant included a visit to their massive inventory building, then to view the actual manufacturing of wiring harnesses, and then on to see the steps, from start to finish, involved in making pistons. We were shown valve manufacturing, align-boring, babbitt pouring, and a Metz speedster. (Bring back any memories? I didn't think so.)

Our May seminar will be on tune-ups and safety checks. The seminar will be headed by Dennis Griffin and conducted on Saturday, May 14th, at Pete Hiatt's. (See map included within this month's The Distributor.) The Seminar will start at 9:00 A.M. Please have your car or cars there between 9:00 and 11:00 A.M., so we can get everyone in and out.

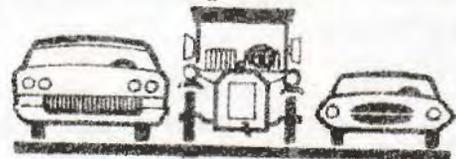

Piet Dwinger has arranged for Marshall De la Puente of Techplate Engineering to present a short program at the May meeting. He will tell us about various types of plating and coatings being used in the industry and how the plating process is performed.

I am currently compiling information to assemble a "directory" of people, places, services, etc. The object of such a directory is to assist club members who otherwise may not know of sources that are known to other members. I would like for fellow members to assist me by either mailing to me a list or phoning me with information regarding successful encounters in their past business dealings. Please do so by May 28th, as I am printing and plan to distribute it by the June meeting.

Speaking of response, I need to get some feedback regarding the possibility of conducting a C.P.R. course for club members and family and friends. If you are interested in participating in a C.P.R. course, which would be 4-5 hours of instruction and practice, please see me at the May meeting.
