COVER CREDIT

I bought this 1929 Station Wagon in 1972 and restored it in 1973-74 in time for the MAFCA National Meet at the Queen Mary in Long Beach. Since then it's been driven and trailered to many shows and meets including a trouble free 1,300 miles on the 1986 summer tour to the Grand Canyon.

This picture was taken in 1978 on a sound stage in Hollywood during the taping of a Ford Motor Company commercial featuring Bill Cosby. Bill is sitting in the car talking about new Ford Station Wagons.

DISNEY DAY

A Disney Day activity is tentatively planned for 9/27/87 and is planned to encompass the following benefits:- Tickets do not have to be used the same day, a Disney Trivia Scavenger Hunt would be held with possibly a donation of .50c. Other activities will be entertained from the general membership and this will be discussed at the next General meeting to be held on 8/13/87.

Any ideas or suggestions should be made to Martha White (714) 870-6417

GLENN'S GRAFFITI

This weekend, the last day of July and the first day of August, twelve Orange County Model A's and a few modern cars are leaving on the annual summer tour. We're headed for Sequoia, San Simeon, (Hearst Castle), Solvang and home in about eight days.

Everyone has been busy working on their Model A's getting them in tip top shape for the +/- 1,000 mile trip and hoping not to have any break downs. It's almost the same feeling as that first trip around the block with a new restoration (except it lasts eight days). If you're not going this year, there's always the 1988 summer tour. A meeting to decide where to go in '88 will be held later this year. Join us if you can.

Jon Heiland suggested Santiago Park in Santa Ana for our August meeting. I drove over and checked it out and it's perfect. Santiago Park is near the Santa Ana 5 Freeway and Main Street (see attached map). The usual Pot Luck Dinner will be held at 6:30 PM with the meeting at 7:30 PM.

If you're interested in the late 20's and early 30's, and have cable TV, CBN (Channel 41 in Placentia) shows Laurel and Hardy movies Monday through Friday at 10:00PM. The plots are pretty silly, but the backgrounds (cars, houses, furniture, era clothes, etc.) are wonderfully authentic, unlike some of the current so called era movies of today (reproduction Model A's in the Untouchables). Dont' get me wrong, The Untouchables was a good movie but who the heck let the repro roadster in?????????????????

Looking back at July I am proud to say that the Garage Tour was a success. Thank you to everyone to hosted a stop and thank you to those to participated.

It was a made to order day for Model "A"ing. We started with a tour of the Sherman Gardens courtesy of Wade and Jan Roberts. From there we toured down the PCH to Laguna Hills to my new home and my old Fordor needing much attention. A short trip across town brought us to the home of Jim and Pat Willett where we witnessed the fine craftsmanship of rewooding a body. We also enjoyed fresh fruit from their trees. Up and over the Santiago Canyon Road I got nice comments from some who had never know it was there. The next stop was hosted by Del and Lena Hahn where we enjoyed their antique doll and phonograph collections. The next stop was the awe inspiring workshop(s) of Dick Riha and hospitality of June. The day ended with a picnic at Joe and Marion Wavra's home on the golf course where we ate and talked and ate and played shuffle board and ate.

The next (planned) technical seminar will be at the Haubold home in Yorba Linda. This is a Friday night 7:30 PM DOIT seminar where we'll be removing a Model "A" body from the frame.

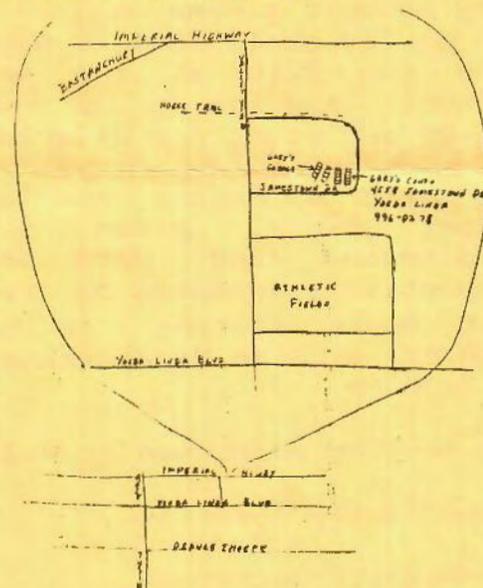

Watch this space for news about the roadside seminars from the summer tour.
