Lunch will be served. Call Pieter Dwinger by
August 6: (714) 639-4767

Note: In the fall we'll plan a tour to visit Old Town in San Diego.

Dan Simmons

Lake Park turned out to be a great place for a meeting. We had special parking for the A's (off street, in the park)! So, bring your A to the meeting in August. We'll do some more hot dogs and we still have some soft drinks left. There were some great desserts and salads also. Cal Woolsey told us all about his experience on the **Great Race**, and it did sound great!

I did manage to get some cloud cover for the beach party so no burns, except Martha White; she stayed a little longer than the rest of us. Les wouldn't let her leave until he finished waxing the truck.

I know there are people hoping to get a chance to host one of the stops on the **Progressive Dinner Tour**. Now is the time to make your self known to Larry or Gerry McKinney. You'll have plenty of help and have a good time too.

See you at the park in August.

GENERAL BUSINESS MEETING

July 14, 1988

The meeting was opened by President Simmons at 7:30 P.M., at Lake Park, in Huntington Beach. The minutes of the previous General Business and Board of Directors Meetings stand as published. The Christmas Party is at the El Torito Grill. The Treasurer's and Activities' Reports were presented (see the Calendar). The Technical Seminar will be held at the Ferazzi's, July 15, at 7:30 P.M. **THE DISTRIBUTOR** and Special Activities' Reports noted that everything was fine and a mall show "in the works." A "Grapes of Wrath" party is in the works.

No old or new business. Cal Woolsey discussed his participation in the **Great American Race**. The race was 4500 miles. The car ran well except for the gasahol sold in the Midwest. Cal finished fairly well. He broke four shock links, a bendix spring, and just moments after the finish line, the clutch linkage broke. The temperatures were 100 degrees all the way. The average speed was 50 mph. (From the Club: Well done, Cal!)

Gary Haubold

The McKinneys

Last Sunday we had our annual beach party. This year we changed the location to Huntington Beach and doubled last year's attendance. Everyone had a good time and consumed large amounts of hot dogs, cokes, chips, watermelon, and all the trimmings.

The months of August and September will have several tours for those who enjoy taking their Model A our for a drive and some great swap meets. The best swap meet should be the Long Beach T Club Meet on the 6th. On September 24-25 we'll have a choice of two tours: to the tall, cool pines of Big Bear for Whittier's **Rim of the World Tour**, or to beautiful San Diego, for the **San Diego Fun Meet**. We'll need a tour leader for each tour.

Anyone wishing to attend the **Will Rogers Tour** and participate in the Equestrian Day Parade and festivities, please call Piet Dwinger by August 6, so your names can be printed in the program. This tour is scheduled for October 2. Lunch will be served to all participants.

P.S. Thanks to all of the guys that helped at the seminar last Friday. Dick Riha for the welding on the spring perches, Dennis Griffin for the use of his custom built wheel alignment tool: It worked perfectly, Bob Ferazzi for the use of his garage, and to Pete Hiatt for having the seminar. It forced me to do some real necessary corrections. Thanks, Larry
