ELECTION TIME CANDIDATES NEEDED

By Les White
 Election Chairman

As Election Chairman for 1991 I need to find people interested in helping out their club by becoming a Candidate for the 1991 Board. It's a great way to get to know your fellow members and help out the club. Being on the Board does have its responsibilities. The time involved is not that much. It's only two meetings per month and some outside organizational work. Having been on the Board I strongly feel that the fun

derived, out-weighs the work involved. Although the work involved has been over emphasized, the personal rewards allow you to feel as an intricate part of the club. We also need volunteers to help count the ballots. This count must be done by members outside of the present and incumbent board. The complete ballot must be published in the next Distributor to meet with our Chapter Bylaws, so please contact me immediately if you can help out with any of these openings. Les White: (714) 870-6417. There are openings on all positions.

OUR JUNIOR MODEL A'ER

Congratulations to Miss Jennifer Dwinger who won the National 1990 Junior Model A'er Award. Jennifer won this Award for her 150 word essay that she submitted on "What the Model A Means to Me". Out of

all the entries, there was only one award presented. All the essay contestants that were present at the Nationals helped out with the seating at the National Fashion Awards Banquet. We are all very proud of Jennifer and send her our proudest congratulations! (SEE PAGE 4 FOR ESSAY)

ANGEL GAME TICKET

On Friday night, September 14th we will be off to Angel Stadium for the game between the Angels and Seattle.

It is 2-4-1 night and ticket are priced at \$3.50 per person or \$7.00 per couple. Make sure that you contact Joe right away to reserve your tickets. Quantities are limited.

Joe has confirmed the purchase of tickets on our behalf and he will have the tickets at the next General Meeting, September 13th.

SANTA PAULA TOUR

Sunday September 9, we will be touring with the San Fernando Valley Model T Club to the Santa Paula Airport Open House to see restored antique and home built airplanes.

We will depart from: near the intersection of Valley View and 405 at 7 am to meet the Model T club at 8am for exact details call: Larry McKinney; (714) 963-2724.

MAFCA National Membership is required for membership to the Orange County Chapter.

LETTER FROM THE EDITOR

By Martha White
Editor

For the November issue, we thought it would be fun to have a contest for the youths in our club and youths related to our members.

We would like to have the youths submit a drawing for the outside cover of the Distributor.

The theme is Thanksgiving and should include something related to the Model A somewhere in the drawing.

All drawings should be black on white paper, in order to reproduce.

The size of the drawing must be 5 x 8 inches.

All entries must be submitted by and received by October 18th. Please mail entries directly to the Editor:

Les & Martha White
121 W. Knepp
Fullerton, CA 92632

If you haven't been by the National office in La Habra lately you should stop by. They have on permanent display the cutaway Model "A" engine that was displayed at the National Meet. The cutaway engine was donated to us by MAFFI and is very interesting to see. Also the National Roster is available for purchase. So stop by to pick yours up and see the new engine.

ISN'T THAT SPECIAL

By Paul and Joe
co-Special Events

There are no mall shows currently planned. Thanks again for your support for the last shows.

HARD LUCK TROPHY

Congratulations to Jim Marsh who was the sad winner of this month's Hard Luck trophy. Better luck next month Jim.

MOOSE'S MESSAGE

By Jim Marsh
President

This month's message will be on the light side. It seems like I'm always trying to get you people to help in some activity or something. But, this month I want to relate some of the good thoughts I have.

I remember a guy coming to me at the February or March meeting and complaining about the club. He said that the members seemed unfriendly and kind of "clickish". He was fairly new to our club, so, I told him that it wasn't that way at all. I said that I thought that we had a great club, that our members were the finest, and that what he needed to do was to participate. I said, "you need to go to things: go on tours; attend the meetings; participate in seminars and other social functions. If you do this the other members will get to know you and it will just happen." This guy did that and I think it is working. I think he may even run for the board. So try it you will like it.

I remember another very prominent member of our club who told my wife a similar story. He was going to give the club 6 month's before moving on. Well, that was about 1978 and they are still in our club and they are very active!

I hear a story similar to this member almost every month. I've had a person tell me that someone else in particular is not friendly, I happen to know them both well and I assured him that this was not the case. "Just give it time, and I think you will find out differently." "We have a super club and super members!" That not only goes for our club, but most all of the Model "A" Clubs. Two couples that come to mind right now were visitors at our last club meeting. Doc and Darleen Ingerson of "Diamond Tread" are super people and a joy to be with.

MOOSE'S MESSAGE

(CONTINUED)

I also enjoyed meeting Max and Nora at the Convention and at our meeting. They came from Perth, Australia to attend our meeting (also while they were in the area, they went to the 16th National MAFCA Convention, or was it the other way around?).

That is it for now. See you at the next meeting.

THE

END

BOARD MEETING

By Linda L. Tune

The meeting was called to order by President Jim Marsh at 7:42pm, Thursday, August 16, 1990 at the home of Paul & Diane Steed. In attendance were; Joe Wavra, Jim & Bev Marsh, Les & Martha White, Wade Roberts, Paul Steed, Don & Linda Tune. In the absence of club Secretary, Terry Lucas, Linda Tune volunteered to take the minutes of the meeting.

The Secretary's report was approved as read.

The Treasurer's report was approved as read. It was moved, seconded, and voted that a transfer of excess funds be made from the Club checking account to the Money Market Account.

On activities, Joe Wavra reported that the California Angels 2-4-1 Night is set for Friday, September 14, and he will have tickets for sale at the September 13th General Meeting. Due to the conflict with the next Seminar originally scheduled for the same night it was decided that the concluding Brakes Seminar will be held Friday, September 21st. Paul Steed reported on the past successful Poker Run and Beach Party and on upcoming events including the Rim of the World on September 7, 8, & 9. Larry McKinney is putting

(CONTINUED NEXT COLUMN)

BOARD MEETING

(CONTINUED)

together a tour on Sept 9th to the Santa Paula Airport for the Antique Car and Airplane Show. Additional upcoming events include the Progressive Dinner on September 29th, and the Regional Tour to Temecula on October 26, 27, & 28th. Some discussion was held on possible Fall tours for October and November. If any members have suggestions for fun Model A Tours they are welcome to contact Paul Steed or Joe Wavra with their ideas.

The Technical Advisor noted the change of the September Seminar date to the 21st and reported on the progress made at the first Brake Seminar.

A review by the Board was made on the Election Rules according to the Bylaws and the Election Chairman, Les White, reported his progress in putting together the slate of Candidates for the November Election.

Paul Steed announced he would have Mileage Patch Awards at the next General Meeting. The Board approved expenditure for Mileage Patches and for Club Logo Patches.

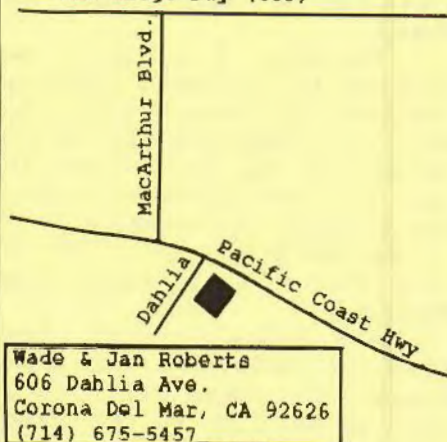

New Business discussed: welcome to the National, Model A Ford Club of Greater Baltimore; April 1991 National MAFCA Board Meeting; National Rosters are available from the National Office at \$3.00 each.

Next Board Meeting will be held at the home of Wade Roberts on Thursday, September 20th, at 7:30 pm.

Respectfully submitted.

BOARD MEETING MAP

San Diego Fwy (405)

PAGE 3

TECHNICALLY SPEAKING

By Don Tune
Technical Advisor

The August technical seminar on brakes was hosted by the Ferazzis. Thanks again to Bob and Patty. Under the expert direction of Glenn Johnson, we disassembled Model A brake backing plate assemblies, inspecting the parts as we went along. Glenn, and others, discussed the refurbishment and replacement of worn parts. There was a lot of member participation.

Glenn assigned Bob Ferazzi the task of rebuilding the parking brake components, he gave me the four backing plates to rebuild, and took the remainder of parts to refurbish or replace. At the September seminar, we will assemble the backing plates and install them on Les and Martha White's truck. Glenn will then demonstrate the art of adjusting mechanical brakes. Because of the club's busy social schedule, Rim of the World tour on the 7th thru 9th, the Angel baseball game on the 14th, the seminar will be held on September 21. It will be hosted by the Ferazzis and will begin at 7:30.

Technical Library

One of the assignments of your Technical Advisor is to maintain the technical library for use by members. The library includes technical books, collections of articles and video tapes. The club recently purchased some video tapes. Steve Schley donated additional tapes. The tape library now includes:

1. How to Stop on a Dime.
2. Carburetors and Carbohydrates.
3. Gennin Along.
4. The Flasher.
5. Timing the Ignition.
6. Model "A" Ford Engine.
7. 1986 World Meet.
8. Henry Ford. (Historical)
9. Yokohama Model A. (Historical)

(CONTINUED PAGE 4)

TECHNICAL SEMINAR MAP

NATIONAL REPAIR TENT

By Larry McKinney

For a week of work in the repair tent, we worked on (+ plus) 75 Model A's and made 100 + miscellaneous repairs.

Among the major repairs were 2 overdrive R & R's, 8 cars needed bearing inspections and adjustments.

We also worked on many brake adjustments, tune ups, water pumps, and other miscellaneous repairs.

110 gallons of Valvoline Oil were given, free, to anyone that wanted to change the oil in their Model A.

The Valvoline Oil was donated by the local San Diego distributor.

PARTS IS PARTS A FOLLOW UP

By Terry Lucas

After writing the last article on parts suppliers and price comparisons I was contacted by the good folks at C.W. Moss. I left out an important savings available from them. They offer after an initial order of \$100., a 6% discount on their entire line of 1909-48 parts. I would also like to express my appreciation to C.W. Moss for the significant discount and parts donation for prizes at the Beach Party.

Another bit of information I picked up at Vintage Parts, their catalog is being updated from last years edition and will reflect some normal increases. Their catalog is at the printers now, shop early.

ONE FOR THE ROAD

By Paul Steed
co-Activities Chairman

I sincerely hope everyone that participated in the Poker Rally enjoyed it as much as I did putting it together. A special thanks has to go to Terry and Joan Lucas for hosting the rally end party and feast. Larry and Jill McDonald had the winning poker hand. This was the second year in a row the McDonalds placed 1st. Everyone in attendance had a great time.

August 12th was a perfect day for a Beach Party and that's what we had. About 50 plus were in attendance. There were Bacchi Balls, food, sun, sand, "the Dig", lots of friends and more!

My "A's" tuned and ready to go for the 30th Rim of the World Tour. I hope you can make it. The tour will depart the Mall of Orange on the 7th, Friday at 2pm. We will be staying at the Thunder Cloud Hotel in Big Bear. The events will be headquartered at the Convention Center also in Big Bear.

I must remind everyone that September 29th is the "Progressive Dinner". There will be a signup list at the next General Meeting. Remember to bring \$12.00 per couple. We have to have a head count so our hosts can plan ahead and have plenty of food. We will depart from the Mall of Orange at 5pm. See ya there.

October 7 we will be touring to Carlsbad Raceway for the "Antique Drags". We will be departing from Coco's at El Toro Road at 7am. Contact Larry McKinney for further information.

October 26, 27, 28 is the Regional Tour to Temecula.

Mark December 8th, 7pm on your calendar for the Annual Christmas Party this year it will be at the same

(CONTINUED NEXT COLUMN)

ONE FOR THE ROAD

(CONTINUED)

place as last year, the Claim Jumper in Fountain Valley.

Hope to see you on the road.

Editor's Note: For the Temecula Tour, see the last issue of the Distributor for the Registration Form if you have not yet sent your reservation in.

MAFCA AWARD WINNING ARTICLE

What The Model A Means To Me

By Jennifer Dwinger

The Model Aing hobby means to me, that we are able to have fun and go places in old cars with other families. I have been to many places with our club, such as, the Grand Canyon, and most of California, even all the way up to Portland for the 1984 National Convention. My family and I probably never would have gone to the different places if the Model A club was not around.

I have also enjoyed the hobby while I was working with my dad in getting the car ready for shows, and tours. It also means getting to know many nice people in the different states and cities.

When it is time for me to learn how to drive I want my own Model A Woody.

DECEMBER EVENTS

8th - SATURDAY - Annual Christmas Party 7:00pm at the Claim Jumper Restaurant in Fountain Valley

RECIPE CORNER

I was asked by a fellow lady member to print the following recipe in the distributor.

I was somewhat hesitant as it is a Watkins Recipe and I didn't want a conflict of interest issue to arise. But, a few of the other ladies said yes, so, by popular demand, here it is.

PUMPKIN CORN BREAD

3/4 cup corn meal
 3/4 cup sugar
 1 cup all-purpose flour
 2 teaspoons baking powder
 1 teaspoon WATKINS cinnamon
 1/8 teaspoon WATKINS nutmeg
 1/8 teaspoon WATKINS ground cloves
 1/8 teaspoon salt
 1 cup pumpkin, cooked or canned
 1 egg
 1/2 cup milk

Mix all ingredients in large bowl; beat until well blended. Pour into a greased 9-inch loaf pan. Bake at 350 degrees F. for 45 minutes. Makes one loaf, 12 servings.

Reprinted by permission of Watkins Products.

No. 5473. A straight line frock with a novel diagonal bodice treatment has a sash at one side to mark the position of the waistline. Size 36, 3 yards of 40-inch; jabot, 3/8 yard 10-inch.

No. 5483. Curved bands in contrasting color accent the front closing of a practical frock with a group of pleats at the front of the skirt. Size 36, 2 3/4 yards of 40-inch; contrasting, 3/8 yard of 40-inch.

No. 5455. Pockets trimmed with overlapping pointed bands head pleated inserts at each side of the skirt. The bodice is softened by a jabot. Size 36 requires 3 3/4 yards of 40-inch.

No. 5452. A deep V-neckline and a pleated skirt flounce that mounts in front to the waistline give individuality to a tailored frock. Size 36, 4 1/4 yards 40-inch; 1/4 yard 40-inch for vestee.

Clever Details and Simple Lines Form a Successful Union in Tailored Frocks

THE tailored frocks that Paris wears in the daytime grow more and more slender and straight of line, but the very limitations of such simple silhouettes make clever details all the more essential and interesting. The French frocks that look simplest at first glance, on examination reveal a great deal of style ingenuity in pleated insets, diagonal lines that accent slenderness, and new pockets, sashes and jabots.
