## "TIGER TAILS"

By Paul Steed  
President

What a breakfast. I must congratulate everyone that worked so hard to make it go so well. There was no line of people extending into the parking lot. No up tight parking officials, no cars backed up onto Glassell St. waiting to get into the parking lot. There was "no rain", what we did have was 683 "Model A" enthusiasts with 150 "Model A's" showing up for breakfast at the largest Annual Model A Event in the West.

I'd like to thank everyone that helped make this event so enjoyable to so many.

I'd also like to thank all of you that donated your time, blood, sweat, parts, books, ect., ect., that helped to make our breakfast successful.

Again, thank you one and all.

Springtime is here and summer is just around the corner. It's time to get the dust off the "A" and the lead out of your XO-?%! and head on out and join us for some for good o'l "Model A" fun. See ya soon.

## LETTER FROM LARRY MCKINNEY

### SPECIAL THANKS

To Al Zannino for setting up the March Upholstery Seminar, and to George Heiland of "Bon-A-Rue" Auto Interior Shop for hosting the seminar.

Thanks to the efforts of you guys our tired old Town Sedan has a beautiful new top.

Sorry I was unable to attend the seminar and help do some of the work on my own car, but I had to attend the wedding of step-son Don in Temecula.

I suggested to Gerry that I wouldn't be missed at the wedding, and that I would surely have a better time at the upholstery shop with the guys, but that idea was promptly shot down!

I didn't think an argument would do much good, so I didn't start one.

Thanks again Al & George for your hard work, Gerry and I really do appreciate it.

Larry McKinney

## MODEL "A" WORKBENCH

By Al Zannino  
Technical Advisor

The Seminar on "Model Tops" held March 16, 1991, was a great success. We express our sincere thanks to George Heiland, the proprietor of "Bon-A-Rue" Auto Interiors, for his expertise and support to our club. I am sure that all who attended, picked up some very helpful tips from George.

The April Seminar should be of interest to all "Model A'ers" --- **WHEELS!** How to pick out good ones; a demonstration on repairing bent spokes; welding cracks; preparation and painting will be discussed. We will learn how to make the tools needed to do the repair. We will also learn about the different hub caps and lug nuts.

The Seminar will be held at Bob and Patty Ferazzi's residence on Saturday, April 20, 1991, beginning at 8:00 a.m. Plan now to attend.

## Clever Lines Give an Air of Simplicity to Elaborate Coats

WHEN Paris first designed elaborate coats to follow the elaborate lines of dresses, whole-hearted acceptance from smart women came slowly. Everyone had grown so used to simple slender lines that any other silhouette seemed a venture. The problem is solved this season by coats that are simple enough in effect for every day, and yet are cut on such clever lines that they are as elaborate as Paris requires, and are yet suitable to be used for the most formal occasions.

No. 5472. A deep shawl collar and wide cuffs trim a coat cut on slender lines and worn wrapped around the figure. Size 36,  $3\frac{3}{4}$  yards 40-inch material or  $2\frac{7}{8}$  yards 54-inch; lining,  $2\frac{1}{8}$  yards 40-inch.

No. 5434. A shallow yoke is cut in one with the sleeves, and a distinctive collar forms a rever on one side and a scarf end on the other. Size 36,  $3\frac{1}{4}$  yards 54-inch; contrasting,  $\frac{7}{8}$  yard 54-inch.

No. 5444. The back of a new coat is cleverly shaped to flare at the hem, giving the smart new princess lines. Size 36 requires  $3\frac{1}{4}$  yards of 54-inch material; contrasting,  $\frac{3}{4}$  yard of 54-inch.
