## President's Column

By the time you read this, the pancake breakfast will have once again come and gone. I would like to say thanks to those of you who volunteered your time, efforts and donations for this year's event. A special thanks goes out to Lee Jackson for his tireless efforts and "round the clock" shifts for putting it all together. Thank you, Lee!!

I would also like to acknowledge the following people for their help in making our annual "Pancake Breakfast" a success. Carl Erickson who did an outstanding job in putting together our T-Shirts; Glen Johnson for putting together the driver packets, trophies and judging; people and businesses who donated towards our raffle, those who picked up the food, the cooks, the cleanup crew, the ticket-sellers, the button-makers, tc. There are so many that were involved in helping out that I wouldn't be able to name them all.

But you know who you are if I've not mentioned you. **THANK YOU ALL FOR YOUR CONTRIBUTIONS!!**

The "lucky" recipient of the "Hard Luck Trophy" was Kenny Dierken, his truck was in need of a new clutch.

I would like to acknowledge the dedication of Rick and Deena Peterson who coordinate our monthly newsletter. A lot of hard work and time goes into putting it together each month and I think they have done a wonderful job. Thanks Rick and Deena!

Glad to hear Bev Marsh is feeling better after her surgery. Hope to see you soon!

To all new and old members: To get the most out of your membership, you might like to take advantage of the club's tours by coming out and enjoying friendship, fun places to go, good food, and driving your Model A. Bring your family and friends. You'll be glad you did. Remember, if you can't bring your Model A, modern cars are always welcome. Have a great month.....we'll see you at the meeting or on the road!!

# Board Meeting

Orange County Chapter  
Model A Ford Club of America

March 18, 1999

by Colleen Schmidt, Secretary

**T**he meeting was called to order by Greg Carcerano at the home of Carl and Nancy Erickson. Members present were Carl Erickson, Greg Carcerano, John and Jeanne McMillan, Alice and John Graves, Rick and Deena Peterson, John and Gwen Riggs, Lee Jackson, and Colleen Schmidt. The secretary's report was approved as read.

**Secretary's Report:** The following is a brief summary of the General Meeting held at Santiago Elementary School on March 11, 1999. Visiting for the evening were Less Andrews, MAFCA Technical Director; and Ross Miline, from the MAFCA Judging Standards Committee. New members introduced were Richard Koontz, John Pickrell, and Dick Smith. Ken Zittler reviewed coming events and sign-up sheets were circulated for the Laughlin tour in April and the Regional Ford Fun Day in May. Members were encouraged to register as soon as possible for Wings & Wheels coming in July. Ken also presented plans for a proposed summer tour and invited members to attend the March Board Meeting to present and discuss additional options. Rick Peterson asked members who participate in the monthly events to support our newsletter by contributing pictures and articles for *The Distributor*. Lee Jackson announced that gifts and donations are coming in for the Pancake Breakfast. T-shirts were displayed and are available for purchase. Larry Conkel alerted members to the possibility of roadside smog inspections. The Hard Luck trophy this month went to Ken Dierken. The March Car of the Month was Ken Zittler's 1930 coupe. He displayed a scrapbook of its restoration and shared its history and how a pink Model A became the beautiful

car it is today. If you would like to volunteer your car for Car of the Month, please contact John McMillan.

**Treasurer:** Alice Graves reported on expenses for the pancake breakfast. A motion to reimburse five members who donated to the CCRG Jamboree was carried.

**Activities:** There is a waiting list for the Santa Barbara tour in May due to a shortage of hotel rooms. John McMillan will be organizing a gymkhana event for the Regional Ford Fun Day in May. It was suggested that tour rules be passed out and reviewed by members attending tours.

**Technical:** No report.

**Special Events:** Last-minute details for the pancake breakfast were discussed. Gifts and donations are coming in. New member packets will be available. Carl Erickson reported T-shirt sales were good.

**Editors:** Rick Peterson would like to thank those who contributed articles for *The Distributor*. The 1999 Rosters will be distributed at the General Meeting in April.

**New Business:** Proposed tours for the summer were submitted by Lou Spielberger, Mel Collings, Tom Endy, and John Riggs.

The April Board Meeting will be held at the home of John and Alice Graves. See page 9 for map.

# Dust Bowl Tribute

Is There Anything Beautiful About Bakersfield?

By Dale and Kathie McCall

(still driving our 'modern' and restoring our 'A')

## Trip

On Friday, March 12 we met up with our Model A friends (John and Gwen Riggs driving "Betsy", Jeannie and Richard Parrish) in Garden Grove and started our trek to Bakersfield for the Central California Regional Group MAFCA 1999 Jamboree. We met up with fellow "A" members, Doc and Darlene Ingwersen in their Vicky (a.k.a. 'World Tour' Ingwersons) and Don and Colleen Schmidt in "Gussy" along the way. The short trip to Bakersfield took a little over 5 hours as we ambled along with the usual stops for gas and eating.

---

The short trip  
to Bakersfield  
took a little  
over 5 hours...

---

We found the Travelodge in Bakersfield with no trouble and immediately met up with Model A club members from 19 different chapters, lots of cars, and old friends with familiar faces. The theme of this event was "Dust Bowl Tribute" and most were dressed for the event in bib overalls, denims and casual attire.

## Raceway

On Saturday morning everyone set out for the drive to the Mesa Marin Raceway, home of the NASCAR racing. Most drivers took a "spin" around the half-mile paved oval racetrack, revvi' up those "A" engines and seeing how fast they could go. We suspect many of the engines were not stock from what we observed. It's interesting watching 50, 60, 70 year olds reliving their teen years. The gymkhana games were held on the grounds of the raceway. Be sure to ask John Riggs and Vince Mariola about the toilet plunger event (we didn't know Vince could belly dance).

## Tour

We then set out for a tour across the back roads of Bakersfield, and this was a treat. It truly was beautiful, as we drove across a panorama rim road, through two regional parks, identifying the Kern River, pheasants in the road, beautiful ranchos, llama farms and lots of wide open space.

## BBQ and Museum

The day was a picture perfect spring day, just right for the open air BBQ featuring tri-tip beef, potato salad, beans, salad and lemonade. The BBQ was held on the grounds of the Kern County Museum. This was like no museum we had ever seen. This historic exhibit was spread over 16 shaded, park-like acres where we could stroll at our leisure after parking the A's among the restored buildings. We saw a wooden oil derrick, railroad jail, an 1882 one-room school, authentic general store, ranch blacksmith shop, 1868 log cabin...56 buildings in all.

---

---

...revving up those "A" engines...

---

---

Of particular interest to us was the tribute to the Dust Bowl. We saw first hand, the actual Model A's in their original state that might have made that trek out to the land of opportunity from such places as Oklahoma and Arkansas during the dust bowl era in the late 1920's and early 30's. Some had mattresses piled on top, old quilts, the cook pots strapped to the side, live chickens in cages, trunks, junk, tools, and miscellaneous. The rust and dirt were also evident on these vehicles and in some cases we were hard pressed to even identify the year and model of the auto.

*The Distributor*

## Underwear Fashion Show

Another treat was the "Underwear Fashion Show" by Delores Heller. We learned much about underwear from the various eras including the "no underwear era", to "convenience underwear", to what we have today. If you ever have the chance to see Delores tell the story of underwear, be sure and do it. You will be surprised!

## Banquet

After we enjoyed all of this, some of us headed out to the various antique shops in downtown Bakersfield or back to the motel to rest up for the big night ahead. The dinner was "Dust Bowl Dress", but we still had the usual gangsters, prissy girls, farmers and cowboys and a few suits and ties. We met up with former OCMAFCA members Paul and Carolyn Lindbergh and John and Josie Biscay and conjured up a few club memories. We also met the Gerhardts and Chamberlains who traveled with the Dwingers and Johnsons in Europe last year. We saw many friends we had met at the CCRG event last year, which was sponsored by the Blossom Trail Club. There were the usual drawings, special prizes, awards and lots of "stories" about various members. As always, those at the microphone were hard pressed to tell the truth, each speaker outdoing the other in embellishment and exaggeration. The meal was delicious, the table decorations apropos (branches

of cotton in coffee cans), the conversation hilarious and loud and the whole event just plain fun.

The Bakersfield chapter of the CCRG MAFCA did a marvelous job and especially chairpersons Bert Grant and Betty Wachob and their committee. The goody bags were great: tote bags with Bakersfield products of cotton (in small bale), local grown carrots, locally bottled water, Dewars candy and other miscellaneous items.

## Heart of the Californias

Bakersfield in Kern County is known as "the heart of the Californias" and we can see why, as we experienced the true beauty of the people and places not usually seen as we whiz by on Highway 99 on the way to somewhere else. We encourage all of you to take the time to experience this area, stop and smell the blossoms in the spring.

...gangsters,  
prissy girls,  
farmers and  
cowboys...

# Bill SB 285

New bill will close smog-law loophole from Old Cars, March 4, 1999, pg. 3

Sen. Richard Mountjoy (R-Arcadia) has introduced a bill SB 285 – which will be heard by the Senate Transportation Committee this spring – to exempt old cars from biennial smog checks. A previous law SB 42 (Kopp) exempted pre-1974 vehicles, but didn't cover checks made with remote-sensing devices. An older vehicle triggering a remote-sensing device can still be required to undergo a smog test.

"I am appalled that hidden traps on the side of the road can snare older cars not required to have smog checks, pulling them into the test as a spider taps (sic) a fly in a web," Sen. Mountjoy stated. "There is a loophole in the law which will allow bureaucrats to trap exempted older cars, like classics. People assume that cars older than 1974 were really exempt as the law says. I am appalled that the bureaucrats, who did not want older cars to be exempt, will be able to keep them under their thumbs because of a hidden loophole in the law."

## April's Board Meeting Map

Santa Yenz, Calif.  
16 - 18 July 1999

The Fifth Annual Leo Gay Memorial Wings 'N Wheels is scheduled for the week-end of 16 - 18 July 1999. If you haven't reserved your rooms, do it now! Then send in the Registration Form on the bottom of this notice.

From past years' experience, we say, "REGISTER EARLY!" It is easier on us if you register and later must cancel, rather than waiting until the last minute to register. And there are advantages to you! We are incentivizing early registration in the hope that things will run smoother. We expect all registrations in no later than 9 July - repeat 9 July. Registrations received after 9 July will be subject to a \$5 per person late registration fee. All car/airplane ride assignments will be made as registration forms are received, and NOT assigned after registration closes -- this scheme worked well last year. It was a more equitable method. It assures that early registering car drivers will have air crews assigned as their guests.

Later registrants will have to take "pot luck" on cars and airplanes that might not have already been assigned and may have hand lettered badges.

Please fill out the form as completely as you can. It helps us and may help assure that your desires are better met.

No telephone registrations will be accepted. However, you may register by FAX if you feel you cannot make the deadline any other way (then send your check by mail).

#### HOLD HARMLESS

We require that everyone in attendance agree to hold the organizers and the participating clubs harmless in the event of injury or other loss. The "Hold Harmless" agreement is at the bottom of the form. Each adult is required to sign for themselves and for their minor children. If you are bring minor children, not your own, have their parents sign a copy of the agreement with the child's name printed on the agreement. Unsigned applications will not be processed and will be returned! **YOU ARE RESPONSIBLE FOR YOUR ACTIONS!**

If you do not complete and sign the Hold Harmless for ALL participants, your registration will be returned and you will lose any advantage of your earlier registration date
