## Notes From Your President Mel Collings. . .

### Greetings

It was a pleasant surprise at our June meeting to see **Jon Heiland**

serving in his role as Club Greeter just three weeks after he had undergone triple by-pass heart surgery.

I also want to add my thanks to **Gerry McKinney** for all she is constantly doing for the Club. The recognition and gift presented to her by **Peggy Nunes** for her efforts in organizing the cooking crew at the pancake breakfast was much deserved.

Many of our members are in Hawaii now enjoying their summer tour organized by **Tom Endy**.

We want to thank **Terry Collings** for her willingness to serve as our Activities/Tour Director for the remainder of the year.

It appears that we will have a good turn out on our tour to JPL (Jet Propulsion Lab). We want to thank **Dick Dewey** for planning this for us.

**NOTE: Summer Pot Luck before our July meeting. At 6 p.m. we will meet outside on Parking Level 3 at CHOC. Members with last names A thru L bring main dish or salad: M thru Z bring desert.**

If you have relatives, friends, or neighbors who might be interested in Model A's, invite them to come to one of our meetings or join us for one of our many super activities. Perhaps a personal invitation to any of our members who have not joined us for some time might be all that is needed to get them back with us. Sometimes it is nice to know that you have been missed and that someone is desirous of renewing old friendships. We have a great club; let's share it with others.

LET'S  
KEEP  
DRIVING  
THOSE  
MODEL  
A's!!

## *Lady Modjeska House Tour*

By Laura Ricketts

On Saturday, May 24 the Model A Club met at the same ol' time and place. But something was slightly different. The drivers of this tour were a little giddy and definitely excited. And the passengers were standing back with both grins and the look of fear on their faces. Yes, you guessed it, the Ladies were driving this time. The chat was all about double-clutching, grinding gears, stalling, and swapping stories about how many (more like how few) miles of experience we had under our belts.

The six ladies who drove were: **Bea Kalinowski, Terry Collings, Dorothy Knox, Laura Ricketts, Colleen Schmidt and Pam Berto.**

With 9 Model A's and 1 modern ready to go, we joyfully started the engines and put 'em in gear. In our car, my mom Donna Rathman and I were in

the front seat. **Matt** and my dad, John, were in the rumble seat. This was the first time Matt has been in the rumble seat since he was a kid, so needless to say we were laughing at the irony of it all. The

cars caravanned through the city and suburbs, and everyone did a great job driving. We drove through the winding Santiago Canyon and then through the tree-covered Modjeska Canyon. This really set the tone as we left

the more civilized world and traveled into the canyons and foothills of Saddleback Mountain.

The century-old house, named Arden, is now a National Historic Landmark as part of the Helena Modjeska Historic House and Gardens. We met the park rangers, Diane Wollenberg and Gary Craig in the parking lot, walked through a small

grove of Redwood trees and a variety of Palms, and came upon this lovely house with beautiful windows and two fountains in front. The group

was greeted by docents Judy McAllister and Bonnie Bohlig wearing period costume and we all gathered to watch a short film.

Docent Ellen Lee has done much research about Lady Modjeska and Arden and she even narrated the video presentation.

Helena Modjeska (1840-1909) was Poland's greatest actress of all time. After touring the great theatres and opera houses in the United States and Europe, Helena and her husband became pioneer settlers in Orange County looking for the California Dream. Visitors of Arden often comment on the beauty and tranquility including, "the rambling white frame house, the green lawns and the rose gardens, the wishing well and the rustic bridges across the creek, the woodpeckers and the hummingbirds."

The wishing well and Tern's best Lady Modjeska pose.

After touring the house, this mom-to-be was allowed to drive onto the property for pictures of the Model A in front of the house. Following the tour many of the group made their way to Santiago Oaks Regional Park for lunch. Everett Pearce took a slight break from driving so he and John Knox could have some experience tightening a loose carburetor.

We all met up at the park, which is a lovely little park tucked off any main roads, and shared a picnic and enjoyed the beautiful flowers. The Matilija Poppies were great. We all had a great time driving our A's and everyone agreed on doing a Ladies Tour every year. Attending were: The McCalls, Schmidts, Pearces, Ericksons,

Ricketts, Bertos, Collings, Knoxes, & Dick Dewey.

Ready to go!!!

Matt Ricketts and Laura's dad are confined to the back seat.

Making plans for our big day

Mel Collings stands at the organ donated to the Modjeska House by our Alice Graves

**Letter of thanks**

**from the docents at Modjeska:**

*Thanks (to Bea Kalinowski) for sharing these great pictures. I hope your group enjoyed their day at our favorite place! I have sent Ellen Lee a copy, too, along with your contact information. And keep driving! I loved the fact that it was ladies day to drive.*

*Thanks, Diane*
