Goodbye to President Diana

Mike needed to move out of the area and she can no longer be our president. **Peggy Nunes** presented Diana a Ford logo, Danbury Mint watch and a sepia photo of Diana and her truck and she read her resignation letter to the Board. We love you Diana and wish you well in your new endeavor. You served loyally for 16 months.

Vice President \ Activities, **Mel Collings** will take over the helm for the remainder of the year.

Hello to New President Mel Collings...

Greetings. As you already know, **Diana** submitted her resignation as president of our Club, effective at the adjournment of our general meeting, April 10. It is, therefore, my privilege to greet you as President of our Club. It is an honor for me to have the opportunity to fill this position. I will do my best to fill this position in a way that will further the good work and the many great activities of this Club.

First of all, on behalf of the entire Club, I want to thank **Diana and Mike** for all they have done for our group.

We certainly appreciate the great job **Diana** has done as our President these past 16 months. She has done an outstanding job and our Club is the better for her great service and dedication. We, also, want to wish **Diana and Mike** well as they move to

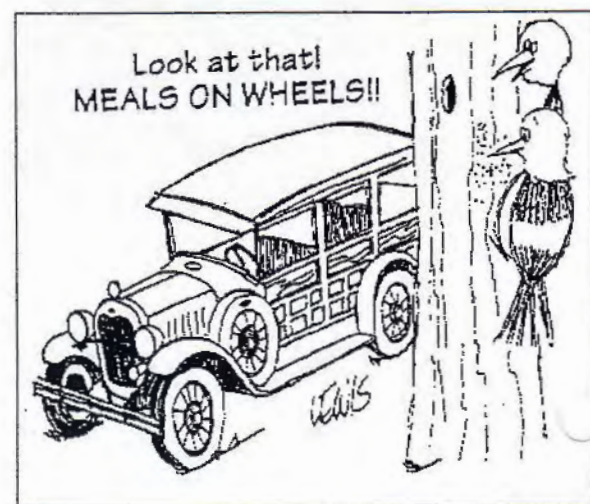

Washington to their new home and the challenges that will face them there.

On a very personal note, I want to thank the many of you for your visits, your phone calls, your e-mails, your cards, your thoughts, and especially your prayers. **Terry** and I left the Pancake Breakfast early. She took me to the hospital where I underwent quadruple bypass surgery later that week. Everything went well. I had a great surgeon. I am doing great.

So far this has been a great year for our Model A Club. The Pancake Breakfast was a big success thanks to the many members who helped make it so. Our technical seminars have been exceptional. Our April Carburetor Seminar presented by **Tom Endy** was another winner. The tour to the flower fields, led by **Dick Smith and John Pickrell**, was enjoyed by all who attended. We have over 30 Model A's signed up for our April 27 Astor Museum tour (suggested by **Gary Discher**).

In May we have many activities to look forward to--Swap Meet (**Larry McKinney**), Woodgraining Seminar (**Paul Steed**), tour of Irvine Ranch (**John Graves**), Ladies Driving Tour to Lady Modjeska's home, and our annual participation at the Memorial Day Services at Fairhaven Memorial Park. Looks like it will be a fun month.

LET'S KEEP DRIVING THOSE MODEL A'S.

More Pancake Thanks!!

From Peggy Nunes

'02, '03, '04 Pancake Breakfast Chairperson
& Special Event Coordinator

Hey you guys, I really like the gold crown* you gave me for being Pancake Chairperson. It was fun!

Another successful Pancake Breakfast has come and gone, but not without the help of some 85 club members, family, and friends who volunteered that day. An overall breakdown of the volunteer jobs that make up this special event include – heavy equipment and supply transport, park pre and post cleaning crew, event and raffle announcer, videographer, photographer, button maker, t-shirt liason, selling t-shirts, caps, and cold drinks, ticket purchasing and table monitors, membership table, breakfast ticket sellers, cash pick-up runners, managing and staffing the entire culinary area, traffic control and car display, raffle ticket sales, raffle prize runners and gift controllers, and not to mention the preliminary paperwork that must be done and the ordering of the food products and acquiring raffle prizes.

This event would have not been possible without the help of a few special people that made up this year's **Pancake Breakfast Committee Coordinators**–

Dan Adelmann - Co-Chair,
Kenny Dierken - T-Shirt Liason,
Gerry McKinney – Culinary Area,
Glenn Johnson – Traffic Control and Car Display,
Dick Smith – Raffle Ticket Sales, and
Clay Willis – Raffle Prizes.

A lot of work goes into this event, so please show them your thanks. Looking

towards Pancake Breakfast '04, more volunteers are always needed. Out of 176 current members, ideally we should have close to 100% club member participation working on that day. In the next few months, look forward to some new pancake breakfast job descriptions, and don't be surprised if you are hand picked by the committee to help!

Peggy thanking: Dick, Clay, Glen, Kenny at the last meeting, (Not pictured, Dan Adelmann)

John & Gwen Riggs, Marian Wavra, Doc & Darlene Ingwersen, Richard & Jeanne Parrish, Tom Endy & Lynn Neal in Model A's and Don & Sally Miller in their van set out at 9AM bound for our

overnight stop. At 2PM in Ojai we turned onto Hwy 33 through the Sespe wilderness. The road was curvy, steep and very scenic. Doc's car protested with a high temperature and a demand for all our "designer water". Proceeding through Maricopa, Taft and past numerous oil wells, we arrived at our overnight stop in Coalinga at 7PM.

Coalinga is noted for big earthquakes, Harris Ranch, and an earthy aroma of 10,000 cows & 100 cats! Our morning on country roads, approaching Merced, went well. Doc's car was running better on "local water". In Merced, we met up with members Drain & Doris

We're having fun

Marshall and Paul & Rhoda Larquier who traveled with the Harbor club. Doris is their president.

Glen Johnson joined us later in the afternoon. We visited until time to go to Charlie Parish's agri-museum. So much "stuff" to see, so little time. The BBQ was outstanding.

Early Saturday morning, Frank Young from Harbor club, removed the thermostat from Doc's car. Problem solved; Henry didn't install thermostats. We drove to the fair grounds for the seminars and tours. If only I had brought \$5500, I could have bought a really nice engine by Reed and a synchronized transmission

by Mitchell. Some of us went to the California contented cows cheese factory and lunch consisting of crackers & cheese, broccoli & cheese soup and ham & cheese sandwiches. Others went to see the draft horses. One team of beautiful black horses weighed 2100 pounds apiece.

Demonstrations of making horseshoes and plowing with a team of oxen were very informative. Evening brought the banquet, awards and raffle. Marion won a shop vacuum and Tom a hand vacuum. The rest of us have long strings of raffle tickets as mementos of the meet.

Sunday morning departure at 8AM started a quick run to visit members **John & Josie Biscay** in Madera at

their Raisin Ranch. A cup of great coffee and a piece of cake hit the spot. We then hit the road home on Hwy 99. No more heating problems with Doc's car. We stopped only for gas and lunch.

Entering LA basin at 94° was a shock, but traffic was light and we arrived home at 3PM.

April Technical Seminar 4-19-03 --Rebuilding Carburetors

Tom Endy treated us to a great seminar on rebuilding the Model A carburetor.

If I just had an overhead projector you guys in the back could see this.

Tom's float adjusting gauge (sitting on the table) could be better known as a "Rube Goldberg contraption"

David Hoonsbeen operates the gizmo.

If there is a quiz, I have this nailed.

After a hard working seminar we were treated to a scrumptious meal by Gwen Riggs and Marion Wavra. About 20 men and 4 women attended.

Dan Adelman's article and plans for building another version appears in the July 1999 *Distributor* pg. 8. Another reference is March/April 1985 *Model A News*. Another is Jan/Feb 1983 *Model A Times*.

Below are the specifications from one of Tom's old articles recommended on repairing jet openings to give correct flow.

Jets:

Most jets are repairable and reusable. If openings are too large, then solder the ends closed, re-drill and check with a proper size drill bit ("no go" means that size drill should not fit in the hole)

Minutes for 4/10/03 OCMAFCA Meeting

Submitted by **Bea Kalinowski**, Secretary

The meeting was called to order @ 7:42 p.m. by President **Diana Wierman**, with 68 people in attendance. **Dale McCall** led the Pledge of Allegiance. We had a moment of silence in prayer & support of our troops in Iraq. Greeter **Jon Heiland** welcomed & introduced **Terry Edmondson** ('29 Briggs Body 4 door sedan), old time members **Art & Olive Moore**, and new members **Paul & Rhoda LeCeur**.

Program: **Glenn Johnson** presented a film of the Model A Touring Club Euro Tour 2001. He then announced the Car of the Month as **Dick Dewey's** '31 Roadster Pickup Wide Bed.

Tom Endy talked about the upcoming Zenith carburetor seminar on 4/19 from 8:30 a.m. - 2:00 p.m., with a potluck after the seminar.

Terry Collings provided details on upcoming activities - details listed in the Distributor - and signup sheets were sent around for events for the next couple of months.

Jeanne Parrish presented the Sunshine & Sorrow report. **Greg Carcerano** reported on **Dan Adelmann** and his battle with leukemia.

Jim Dunn announced that the website has been updated with the photos of the cars at the Pancake Breakfast.

Pancake Breakfast report presented by **Peggy Nunes**. Peggy also presented gifts to the various coordinators.

A presentation of a Ford logo, Danbury Mint watch and a sepia photo of Diana and her truck was made to Diana Wierman and she read her resignation letter to the Board to the entire membership.

Refreshments for the evening were purchased & provided by the club from the weekly donations to the refreshment fund.

After the break, **Dick Smith** and **John Pickrell** conducted the raffle, with the grand prizes being a set of engine gaskets for the men, and a set of Martha Stewart dishes for the women.

Business Meeting:

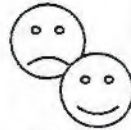

The minutes stand approved as they appeared in the Distributor. **Ginger Endy** indicated that the cash flow report was available at the front.

The meeting was adjourned at 9:30 p.m. The next meeting is May 8th.

Jeanne Parrish, contact person

Piet Dvinger continues to have lots of back pain. He is at home and not able to do much of anything. However, there is no indication of surgery as yet. **Vince Mariola** is still fighting serious back trouble and pain. **Peggy Nunes**, has had a bad leg infection for several months (even while shepherding us through the pancake drama). **Dan Adelmann** is now undergoing treatments and is experiencing a few bad days. We wish him well and are hoping for a short road back to good health. (see below) **Mel Collings** is recuperating from by-pass surgery & is doing well. Condolences go out to **Jean McMillan** in the loss of her mother-in-law. She passed away two weeks ago. Continuing on the list of those who are missed are **Joanne Mariola, Lou Spielberger and Dick Koontz**. **Donna Dewey** made it out to the breakfast.

We miss all of you. Keep these members in your thoughts & prayers with a phone call or card.

Thank you for the cards and well wishes. All is going very well with therapy and we are looking towards a long term full remission. Sylvia and I appreciate your thoughts and prayers.

How to get interested in Era Fashions And Why I want to do it.

by Fern Davis

Excerpts from an article by Fern Davis from the Restorer and, more recently, the AHOOGA newsletter:

To answer the last question first, the Model A hobby has long been a family recreation. I know all of our vacations and most of our outings are centered around the Model A. If you are mechanically inclined, this is no problem. The Model A car, how it works and looks, is what you care about. If you're not, it's fun to ride in it and wave to everybody, and there are "fun get togethers," with lots of good food. But for many of us, the road to Era Fashions started off as just a way to interest ourselves; while our spouses lost themselves under the car. Once that door was opened, we became fascinated with the fashions of the Era.

A good place to start [your interest] in era fashion is to organize a "Fashion Clinic." Get a copy of the MAFCA *Fashion Guidelines*, comb your old magazine shops, and buy at least one magazine from each year, 1928, 1929, 1930 and 1931. Copy the fashion articles out of all your old issues of *The Restorer* to use for reference. Organize a tour to vintage clothing and antique stores.

Whether you are a novice or consider yourself knowledgeable, there is always a lot to learn, and a lot of fun to be had with Era Fashions. So share what you do know and look for information on what you do not know. And while you're doing this, you will have fun

together and make your hobby a more enjoyable and truly fulfilling experience.
