Notes From Your President Mel Collings. . .

Greetings. Once again Terry and I are spending time at our home in Utah. Every day since we arrived, we have been riding our ATV's in the surrounding mountains. What fun and what spectacular scenery. Driving our ATV's is almost as much fun as driving our Model A's. We left for Utah a couple of days after the Progressive Brunch.

What a great Progressive Brunch. A beautiful day, delicious food, wonderful friends, pleasant surroundings—what more could a person ask for! **Peggy Nunes and her husband Allan Snow** welcomed us to their beautiful home. After enjoying some tasty appetizers, we traveled across the county to **Dan and Sylvia Adelman's** lovely home for our main course. Dan did himself proud with the crepes prepared from an old family recipe. We were impressed with the Adelman's culinary skills. Finally we ended up at **Greg and Leslie Carcerano's** charming home to end our travels with scrumptious desserts.

As this letter is being written, several of our Club members are enjoying themselves at Big Bear Lake on the Rim of the World tour. Thanks to **Don Miller** for leading this tour.

Again I want to encourage you to consider serving on the Board. Give **Kathie McCall**, our Election Chairperson, a call and volunteer. **714-633-0946**

Plan on joining your Model A friends on **Jim and Jo Nichols' Orange County Back Roads Tour** and catered lunch, Sunday, Oct.12. And, let's all "Rally in the Valley" at the Southern California Regional at Temecula, Oct. 23-25.

At our March General Meeting a motion was made to send money to the Model A Ford Youth Scholarship Fund, Inc. I opposed that motion and suggested that if the Club wanted to spend money on a scholarship, we should provide a scholarship to someone in our Club or a child or grandchild of a Club member. No action was taken on that motion. I wrote a position paper in March 2001 and

distributed it to board members and others in the club. Very little was said about this. Periodically since that time the Board has voted to send money to that scholarship fund. In our August 2003 General Meeting, the membership voted to contribute \$1000 to the Model A Ford Youth Scholarship Fund, Inc., headquartered in Frisco, Texas. This made it apparent that our Club is serious about giving a generous amount of money to a scholarship fund. Therefore, I am again suggesting that our Club consider providing a local scholarship. Printed below is the position paper that I had written two and a half years ago.

Please read this, think about it, discuss it with your friends and then be ready to take some definitive action at a later meeting considering the awarding of a local scholarship instead of sending large amounts to the national scholarship fund.

Our Progressive Brunch was our "Sunshine" for this month! It turned out perfect; lots of old members & a few new faces, too. All three of our hosts put on a great "spread" of goodies & the weather was also very cooperative.

As we go to press, our Editor will be having cataract surgery. We hope all goes well, **John**. We will have to call him, "ole sharp eyes" now!

Joan Mariola will be having knee surgery on October 7th. Boy, I bet the "Godfather" will be having her drive a Model A in the near future! We wish you a speedy recovery, Joan. Hope to see you soon "on the road" again with us.

Bill Tittle underwent surgery and is doing well.

Car of the Month

Pam & Dean Berto's Deluxe Coupe

So guess who won the drag race! I don't know if you can see it but the chock on the Mustang's right main

gear helped us get the jump on him off the line.

The car, a 1930 45-B Deluxe Coupe, found in Sacramento in December 1982 was in pretty much the same condition as you see it today except for a light body-off restoration and engine overhaul. The car was one of 18 older cars stored in a back yard and was in the way of retrieving a 1906 Model N Ford. As we were pushing the A back into its place, the owner stated that he would sell it for \$800 as he hadn't even had a call on it at the advertised price of \$1200. The intention was to trailer it back to So Cal for a quick turn around sale but my Dad surprised us all stating that he wanted to buy it and restore himself at the age of 72.

A quick negotiation took place with the final agreement that he would buy it, I would help him restore it, he would use it and enjoy it as long as he wanted it, then it would come our way. That happened on his passing about five years ago and we have since thoroughly enjoyed every aspect of being a Model A owner.

Dale and Cathy McCall steered us toward the Model A Club and we have really enjoyed being part of the group. We're amazed at the size of the Club, all the activities, and the great people that make up the Club. We keep saying that we're going to have to retire to have time to participate in more of the activities as our schedule just doesn't leave time to begin to do all the things we'd like to do. That's the next step!

Keeping the Model A company in the workshop is a 1926 Willys-Knight Roadster (sleeved-valve), a 1970 Corvette, and the Model N (the instigator of all this commotion) still sitting there unrestored. Word has it that it is also waiting for our retirement in hopes of remaking its debut!

MONTHLY REFRESHMENTS

To: Orange County Chapter Model A Ford Club of America (The Club)

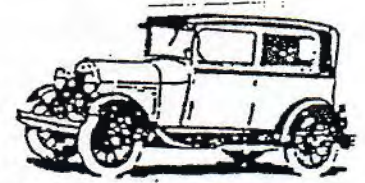

From: Me1 Collings
Date: March 20, 2001
Subject: Scholarship

This is not a recommendation for The Club to give or not give a scholarship. The following are some suggestions as to how it might be done if The Club chooses to award a scholarship.

1. The decision to award or not award one or more scholarships should be made each year by a vote of club members following a recommendation of the board members.
2. All scholarships would be for one year.
3. A recipient of a scholarship would be allowed to apply again the following year.
4. The amount and the number of scholarships should be determined yearly. If The Club has sufficient money, it might choose to offer two or more small scholarships instead of one larger one.
5. The Club would determine who would be eligible, i.e., children, grandchildren, relatives of club members, club members, or anyone who might desire to apply who meets the qualifications as determined by The Club.
6. A scholarship committee of at least three persons should be established. These members could be club members or individuals selected from other Model A clubs, or citizens of the community, or a combination of the above.
7. All applicants might be required to do any or all of the following plus other things The Club might wish to include: a. A letter of application. b. A transcript from schools attended from high school and beyond. c. Several letters of recommendation which might include any or all of the following: (1) One or more letters from club members. (2) One or more letters from present or former teachers. (3) One or more letters from other people in the community who know the applicant, such as religious leaders, youth leaders, neighbors or friends.
8. The scholarship could be used for attending a community college, a university, a trade school, or other appropriate education or training approved by The Club.

TATER PEOPLE

Some people never seem motivated to participate, but are just content to watch while others do the work. They are called "Spec Taters".

Some people never do anything to help, but are gifted at finding fault with the way others do the work. They are called "Comment Taters".

Some people are very bossy and like to tell others what to do, but don't want to soil their own hands. They are called "Dick Taters".

Some people are always looking to cause problems by asking others to agree with them. It is too hot or too cold, too sour or too sweet. They are called "Agie Taters".

There are those who say they will help, but somehow just never get around to actually doing the promised help. They are called "Sezzie Taters".

Some people can put up a front and pretend to be someone they are not. They are called "Emma Taters".

Then there are those who love others and do what they say they will. They are always prepared to stop whatever they are doing and lend a helping hand. They bring real sunshine into the lives of others. They are called "Sweet Taters".

Thanks to the **Vintage Voice of the Sonora A's Model A Club** for this article from their August 2003 issue.

Mel Collings read a position paper he had presented to the OCMAFCA Board in March 2001 regarding Youth Scholarships. Greg Carcerano indicated that although he and Dan Adelman are currently selling coffee mugs to help raise money for

the National Scholarship, that if our club decides to create their own scholarship, he will support that.

Kathie McCall made a request for people to run for Activities Director, Technical Director and various committees as needed.

Low Lewis reported on the website - the guest book is up and running. The roster is up-to-date as far as it can be.

Bev Marsh asked for a \$25 donation for Rim of the World. A check will be written when **Ginger Endy** returns.
