Notes From Your President Mel Collings. . .

First off, our thanks to **Peggy Nunes** and her helpers for a great installation banquet. The food was delicious and abundant and the comradery, pleasant as usual. Thanks to all of you who have agreed to serve this coming year. Many thanks to the Club for the Member of the Year Award that you presented to me. I am honored to be listed with the group of present and former Club members who have received this award in the past.

What a weekend—January 17 and 18. On January 17 more than 75 individuals from our Club and several other clubs--from San Diego to Canyon Country--attended the Donovan Engine Seminar arranged by **Piet Dwinger**. After an informative morning with lectures, slides, and displays, many of us drove to Torrance and toured the Donovan engine factory.

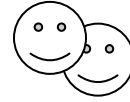

On January 18 **Glenn and Sharon Johnson** conducted another great Poker Run. Twenty-six Model A's and a few moderns spent the morning driving through the beautiful canyons and hills in Orange County. We ended up at a Mexican restaurant where we ate, celebrated **Gwen Riggs'** birthday, and awarded **Dick Smith** over \$140 as the first place prize for the best poker hand. He had five Aces!

In November 2003 the Club voted approval for establishing a scholarship committee. With Board approval, **Dorothy Knox** was appointed chairman of this committee. The other committee members will be **Bev Marsh, Sharon Johnson, Mark Schwing and Mel Collings**. Thanks to all of them for being willing to serve.

If you have neglected to pay your dues for 2004, please do so immediately. According to the Club Bylaws, "If dues are not paid by the February meeting, member will be dropped from the roster."

Let's all do our part to make 2004 another outstanding year for the Orange County Model A Ford Club.

LET'S KEEP DRIVING THOSE MODEL A's!!!

Sunshine and Sorrow Jeanne Parrish, contact person

We all offer our condolences to Don Thomas. His wife, Mary, passed away on Sunday, January 11 after losing a battle to cancer.

It was great to see Don Miller at the poker run. His recovery is good, but not fast enough to please him. He wants to get back in the "A" and "on the road" again!

We sure miss Joan Mariola these days. We are keeping you in our prayers and hoping you will return again very soon and join us on all our fun trips.

Bill Shaner had a short trip to the hospital for a stomach problem and some tests. Everything seems to be OK and he is back at home and feeling well!

Technical Seminar!

By Tom Endy

Model A Ford Transmission:

A technical seminar will be held at Tom Endy's house on **Saturday, February 14 2004** (from 8 AM to mid afternoon). The seminar will cover all aspects of the Model A Ford transmission, tower and bell housing. On display will be a number of transmission housings and towers depicting the evolution from the early design to the later design. A completely disassembled transmission and tower will also be on display. There will be a dissertation of the various techniques used to overhaul a transmission, tower and bell housing. Technical handouts will also be available. **Coffee and donuts will be served in the morning; lunch will be served in the afternoon.**

Do it yourself project:

For those who wish to bring a transmission, tower, or bell housing to the seminar for the purpose of disassembly and help, they are welcome to do so. Time will be allotted to address those projects. For those who wish to complete an overhaul and assembly, arrangements should be made ahead of time to have the necessary replacement parts on hand. Please contact me prior to the seminar to discuss your specific project.

If it rains:

If it should happen to rain that day we will be forced to cancel and reschedule for another day.

Parking:

There is an elementary school directly across the street from my house with a parking lot in front. Parking there is permitted.

Location:

My house is located in the west end of Westminster. From the intersection of Westminster Blvd and Springdale Ave., go north on Springdale two blocks to Iroquois Rd. and turn left (west). Go 100 yards to a fire hydrant on the right and you are there. ☺

Slant Windshield Models

Many people are confused about the Slant Windshield classification numbers.

The 160A is the standard Slant Windshield Sedan and was manufactured without cowl lights. The dome light is in the center over the back of the front seat. Some of this model came without visors, some with one and some with two. These cars may or may not have had a side mount spare. The only members who have one are **Gerry & Sherry Reid. Gregg Carcerano** says that they are very rare. Gerry did a great job getting theirs restored.

The 160 B is the most prevalent of the Slant Windshield models. We have almost a dozen in our club (see Roster page 66). However many of the 160 listed are really 160 B. This includes cars owned by, **Mariola, Biscay, Miller & Riha**. The 160 B is a deluxe model but not listed as so in the invoice listings. The 160 B Town Sedan had cowl lights, a dome light over the rear window, may or may not have had a side mount spare. It sometimes came with one sun visor but most had two of them.

The 160 C Deluxe Fordor is also known as the "Blind Back". There are only two in the club and they are owned by **Parrish and Knox**. A Restorer Magazine in 1977 listed only 33 of the 160 C cars known to MAFCA. Once something like that is stated many of them come out of the woodwork. Publications vary as to the number of 160C manufactured. This model had essentially the same features as the Town Sedan except that the rear quarter windows were non-existent. Special exterior sheet metal panels were used to create the blind quarter.

The differences in paint and interior are listed in the MAFCA judging standards. The 160 B & C shared while the 160 A had less of a choice.

(This article is a combination of the efforts of John Knox and Bruce Davis)

A Word of Thanks

Thanks to everyone who called, visited or sent cards during my recovery from my broken bones. Your kindness is very much appreciated.

Minutes from the January 8, 2004 OCMAFCA General Meeting

The meeting was called to order @ 7:40 p.m. by President Mel Collings, with 64 people in attendance. The Pledge of Allegiance was led by Dick Smith.

Greeter Jon Heiland introduced Carmen Smith (recently retired) and announced the birthdays of Warren Hogan (January 9th) and Gwen Riggs (January 18th).

Sunshine & Sorrow: Jeanne Parrish read notes from Greg & Lesley Carcerano and the Richard Koonz family. Dale McCall is in the hospital for kidney stone surgery.

Mel read a thank you note from Ronald McDonald House. He also thanked Peggy for a wonderful job on the installation dinner and Kathie for arranging the rooms we use at CHOC for our Board meetings and general meetings.

Mel then gave a review of the Board meeting. He also introduced Dorothy Knox as the Chairman of the Scholarship Committee and asked for suggestions and volunteers. He also introduced Colleen Schmidt as the new Merchandising Director and John Graves as the new Raffle Chairperson, along with his helper, Richard Parrish.

Pete Dwinger reminded everyone about the Donovan seminar on Saturday, 1/17 @ 9:00 a.m. - there will be plenty of donuts.

The minutes were approved as they appeared in the Distributor.

Treasurer Ginger Endy announced that the treasurer's report was available for review at the front. Our books will be audited in February. Ginger also reminded everyone that membership dues are due no later than February 1st. So far only 100 members have paid. If dues have not been paid, name will not appear in the Directory.

Activities Report: Upcoming activities are listed in the Distributor.

Technical Report: Jean McMillan reminded everyone about the Donovan seminar on 1/17, and announced a transmission seminar will be held at Tom Endy's home on 2/14.

Editor Report: Pete Hyland asked that articles, photos and comments be to him by 1/27 for the February Distributor.

Special Events report - Peggy thanked everyone for making the Installation Banquet successful. She also reminded everyone that the Pancake Breakfast is Sunday, March 28th.

ACCC Report - Larry Conkol reported on SB708 (Sobriety Checkpoints), SB42 (exemption from smog for cars 30 years and older) and possible roadside sensing devices for smog (possibility that Model A's could be stopped for smog pollution).

The Hard Luck Trophy - Colleen Schmidt still has the trophy.

New Business: Tom Endy brought a copy of the book put out by the Victoria Association for the National Scholarship Committee. It is thicker than the last one, but still the same price - \$31.00. Revision pages to be added to the old book can be bought for only \$10.00. The club swap meet will be held May 1st at Vintage Ford.

Car of the Month - none.

Regional Report - January 24th will be the election of officers.

Refreshments - Chris Foster thanked Jeanne Parrish & Doris Marshall for furnishing refreshments for the night.

Monthly Program - none.

Raffle - raffle held by John Graves and Richard Parrish.

The meeting adjourned at 9:02 p.m. The next meeting is February 12, 2004.

NEW MEMBER

Last month we mentioned that **Red Sickman** had just joined our club and that we would have a picture of him in the February issue. Here it is. Welcome again!

FORD FUN DAY

This year's Fun Day will be held at the Santa Fe Dam Park on Sun., May 2nd. The event is being hosted by the Santa Anita A's. This year will be unique because the lunch will be catered and will be free! The So. Calif. Region wants to provide the lunch due to the success of the Oct. meet in Temecula. (I, Again, want to thank all the wonderful helpers I had!) Everyone is invited, but there will probably be a \$5 per person deposit. This will be refunded the day of the event. Hopefully, this will ensure us getting an accurate count for the free lunches to be served.

WE ALSO NEED SOMEONE TO HANDLE THE GYMKHANA EVENT FOR OUR CLUB!

This is a good opportunity for some of you to help, especially those of you who were unable to attend the "Rally in the Valley." Think about it!

Dear Mr. Riggs,
Thank you for driving
Santa in your Model A. It
was very kind of you to
drive the car to Barker

Santa worked out great. But
it wouldn't have been so
great if you didn't drive
him. Thank you for everything.
