## Notes From Your President Don Miller. . .

October 2005

President's Letter

Greetings:

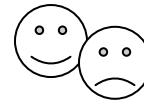

At last month's board meeting we took the first steps toward balancing the budget. They consisted of raising our annual dues by \$5.00 to \$30.00, members paying \$5.00 per person for the Progressive Brunch, and having the club only subsidize \$5.00 for the Installation Banquet meal. These changes will only cost the members \$15.00 per year but will be a big help in getting the club out of red figures.

The next step is to work on the expenses and draw up a 2006 budget where all expenses will be spelled out. Once this budget is approved by the board, the treasurer will not pay for any expenses that are not in the budget without board approval.

Glenn and Sharon Johnson did a fantastic job of organizing and executing the SCRG. The Welcome Party with a band and a number of Model A show cars was terrific. The seminars were great and the Hubley Derby was loads of fun. The Gymkhana went off without a hitch and the Casino Night provided lots of excitement and fun for everyone. We only had one major breakdown out of over 40 Model A's on the Grand Tour which otherwise was worked out fine. The Award Banquet, with our Mistress of Ceremony Terry Collings entertaining us with her repertoire of jokes, was enjoyed by all.

Don't forget our shoe box sale at the October meeting.

## LET'S KEEP DRIVING THOSE MODEL A's !!!

## Sunshine & Sorrow

By Jeanne Parrish

Marion Wavra is on the mend from a brief visit to the hospital for a few days. She is another one of our tough ladies & manages to attend most of our activities.

Lee & Gloria Jackson are very, very proud (to say the least!) announcing the arrival of three new Model A passengers to their family. All born in July, their son, Gary & wife, Jessica, had twins, boy Ryan & girl Kaili. Eleven days later their daughter, Sacha Van Voorhris & husband Marty, had a son, Jadon. All are doing fine & will make their Model A debut at our pancake breakfast. Our congratulations to all!

We send our condolences out to Roger Sowersby and family in the loss of his mother. She passed away in latter part of September.

## 7<sup>th</sup> Annual Cruisin' for a Cure

Submitted by Kathie Mc Call

### October Seminar:

The October seminar will be held at Terry Lucas' house. The subject will be wood grain painting of Model A Ford window reveals and dash panels. Fair weather is a needed factor. If it rains we will have to cancel. Please note the late morning starting time.

**October 15, Saturday – 10 AM – Afternoon**

**Terry Lucas**

**12651 Overbrook Drive, Orange, CA**

**714-538-8582**

There are currently two club member donor cars scheduled for the wood graining painting. Additional members cars can be accommodated. It is essential that the items to be painted are removed from the car and have been prepared for painting by the owner. Contact Terry for specific instructions for the required preparation.

### Directions to Terry's house:

From the 55 freeway go east on Chapman Ave (the southern most Chapman Ave) to Crawford Canyon Rd. and turn right. Turn left on Daniger Rd. Turn right on Coralwood Dr. Turn left on Overbrook Dr. Terry's house is at the end of the block.

### November Seminar:

The November seminar will be held at Glenn Johnson's house on Saturday November 12, starting at 0830. The subject will be kingpin replacement. Kingpins will be replaced on a club member's car. Jim Nichols will conduct the seminar.

### Aires Stainless steel water pipes:

I have ordered another quantity of ten part number A8291 stainless steel water inlet pipes. The price is \$12.00 each. I will have them available at the October general meeting. ☺

### A note from Glenn & Sharon Johnson

Glenn and Sharon Johnson would like to thank all of the club members that participated and attended the Southern California Regional Meet.

On Saturday, 9/24/2005 the Orange County Fairgrounds was host to over 3400 cars of every type you could think of from hot rods, expensive custom built cars, trucks fire engines and motorcycles. This event is billed as the **"largest one day car show in the world"**. All for the worthy cause to benefit prostate cancer research at the UCLA Jonsson Cancer Center. Dale met up with John Pickrell and Dean Berto in their "A"s, along with Lew Lewis in his modern (A is still in sick bay) at Sears and drove the short distance to the Fairgrounds. Larry Mc Kinney and some others from the Forever Ford Club were already there, but parked in a different location. Next year definitely needs an earlier start to get a premium parking spot. The event is a giant swap meet, car show, eating orgy and just plain fun for everyone. A side benefit is information and education along with free blood test for prostate cancer. Prostate cancer is curable when detected early! Next year let's aim for the 24 or 25 cars from OCMAFCA we had the first year we attended!

Old Town in Orange: On Oct 15<sup>th</sup> and Oct 16<sup>th</sup> there will be seven old houses open and would appreciate Model A's parked in front of each home.

One of our members warned of an illegal scam. Be aware that when you sell something and you receive a check from Orange Savings Bank you should notify the proper authorities immediately

President Miller went over the Club finances. In order to balance the budget it was voted to raise Club Dues by \$5.00, charge \$5.00 per person for the Progressive Brunch and allow only a \$5.00 subsidy on the Banquet ticket. He said he had copies of the tentative budget available.

Car of the Month: **Dean and Pam Berto**: Dean gave such an interesting story regarding his 1930 Deluxe Coupe. It is extra special because his dad did so much to get it in shape. He also stated he has a 1926 Willis Knight and 1906 Model N.

**John Knox** asked for help doing the gymkhana in Ontario.

**John and Dorothy Knox** shared the wonderful films of their trip to Pikes Peak.

The meeting was adjourned at 9:43 p.m.

# OCMAFC Military Veterans

(In Memory of Jon Charles Heiland, May 10, 1945 – July 13, 2005)

## Jon Heiland U.S. Army 1966-1968

In 1966 Jon had been engaged to marry Pam for about three months with the intention of having a June wedding. He was a full-time college student and he and Pam wanted to wait until school was out to get married. However, the government had a different idea and Jon received his draft notice stating that his student deferment would not be continued. This was in the midst of the Vietnam War and many young men found themselves in this same predicament.

Jon, being the patriotic person that he was, wanted to serve his country, but he also wanted to marry Pam. He asked Pam if she wanted to move the wedding up because they thought he would be gone in June as soon as school ended. They chose to be married April 1, because the following week would be spring break and they could have some time for a honeymoon.

June came and went with no "call" for Jon so they went about their lives until the following November when Jon got a notice to report. He was sent to Fort Ord for basic training and then to Ft. Gordon, Georgia where he was in MP training. He had been majoring in Police Science in college so this fit nicely with his plans.

In November of 1967 his unit was sent to Vietnam, except for Jon and one other man. The two of them were sent to Stuttgart, Germany where Jon spent the next year. Pam was not able to join him there so they kept in touch with many letters and a couple of long phone calls.

In November of 1968, Jon was honorably discharged and sent home to much rejoicing by his young wife and their many family members and friends. It was a tough time for a young man, newly married, but Jon served with pride and remained very patriotic the rest of his life. The Army honored him with a large flag at his funeral, which was presented to Pam following a very nice speech by a young military man and the playing of taps.

## HISTORIANS CORNER

By Dick Smith

### Articles from "The Distributor"

Twenty years ago:

1985 started with the new board consisting of President-Pieter Dwinger, Secretary-Jim Marsh, Treasurer-Wade Roberts, Activities-Jon Heiland, technical-Dick Rhia, Round-up Chairman-Jerry Sterling and Editors-Keith & Carol Justice. Meetings were held at Yorba Jr. High School in Orange.

The calendar showed technical seminars at Dick Rhia's home, poker runs and kite flying contests.

In the January issue I found an article about Sharon and Glenn Johnsons 1930 Deluxe Delivery being used in a movie called "Malice in Wonderland" filmed in the Hancock Park area of Los Angeles. The movie starred Liz Taylor as Louella Parsons and Jane Alexander as Hedda Hopper. In one of the scenes, Sharon and Glenn's Deluxe Delivery is used by a delivery boy to deliver a live skunk to Hedda Hopper as a Valentine present.

To read the whole article check out the January 1985 issue of "The Distributor" (free, of course) from your historian.

Do you notice how often the names from the past are the same people that today are still making this club the great club it is?

Enclosed is a picture of possibly the newest Model A'er, Luke Riley Ramirez. Carmen and I are proud Grand p"A"rents.

## The SoCal Regional Meet

Submitted by Richard Parrish

OCMAFCA and the SoCal Regional Group can be proud of a very well planned and run regional meet last month under the leadership of Glenn and Sharon Johnson.

**Wednesday** 8AM and early risers are greeted in the lobby with registration packets, dash plaques, goody bags and bright and smiling faces. 4ever4 club were set up and running time trials at **The Hill Climb**. The site was a nostalgic section of old Route 66. There was plenty of parking, excellent spectator sites, portable restrooms, a reasonable hot dog lunch and lots of enthusiasm. Those participating and observing had a ball!

**The Welcome Party** proved to be one of the most popular events of the meet. It included a dozen or more Model A's set up in the banquet hall. *The Firehouse Stompers* livened up the evening with Dixieland jazz prompting revelers to "*cut a rug*"!

**Thursday** shoppers were out early for bargain hunting at **The Swap Meet**. **The Repair Tent** saw only light duty and of course **The Hospitality Suite** saw heavy activity every day of the meet where we congregated to visit and refresh.

**The Seminars** could satisfy your thirst for knowledge, morning and afternoon be it **Hubley Cars, Differential Building, Fun Era Fashions, Adjusting Mains & Rods, Model A Advertising, or 1939 Transmissions**.

**The Hubley Derby** was another crowd pleaser with "show cars" arriving in custom carrying cases and "racers" applying more graphite to the wheels for maximum performance. **Dinner** of hot dogs and hamburgers was served to the race crowd as we experienced the thrill of competition.

**Friday's Sanctioned Car Judging** brought out Henry's finest for the judges to crawl under, over and into each one searching out the minutest details of how the Ford factory built these cars and how closely each car complied.

**Display and People's Choice** Those of us with a "driver" shined them up, visited on the grass and campaigned for votes for people's choice. **Era Fashion Show and Luncheon**. With the emphasis on fun, participants strutted their outfits on the runway. Lunch and visiting filled in for those who came to watch.

Where can you have more laughs than **The Gymkhana**? Everyone is a winner, even those that don't get a trophy.

How can this meet keep getting better and better? The ballroom is setup for **Casino night and dinner** with a fantastic buffet of various regional dishes. You like Italian, Mexican, Asian? Stick with one region or sample them all. After dinner the gaming tables start to fill up. The dealers "coach" those that aren't familiar with the game. Blackjack, roulette, craps? You have your choice. Your chips are exchanged for raffle tickets and you take another chance on great prizes.

**Saturday MAFCA National Board Meeting** lasted all day while other events were taking place and many dropped in at different times to see our national board in action.

The weather was great for **The Regional Tour and Lunch**. We split into three groups to facilitate staying together. A long section of old Route 66 brought many discoveries of converted 1930 gas stations, "auto courts" and the "Wigwam" Motel. We drove through downtown San Bernardino where the route 66 street rod cruise was going on, stopped in Yucaipa for a rest stop and lunch in a shady Riverside park.

The ballroom again resounds with laughter and fellowship at **The Awards Banquet**. Suspense builds and finally the presentation begins. MAFCA presented several 25 and 30-year pins. Glenn made the most unique trophies and presented them for all events. Sunday, we said our goodbyes and headed for home, satisfied that all participants had a great time.

### The Summary

This was a most rewarding meet for the participants. So much to do and it was well carried out. So much hard work went into it under the leadership of Glenn and Sharon and their crew. There were nothing but favorable comments about the meet and they were repeated on the Internet *Ford Barn* site.

### The Commentary:

A personal opinion by Richard Parrish

In Southern California where we arguably have the highest concentration of Model A's in the world, we barely got 100 registrants? Other regional meets draw 300, 400 or more. We had people drive out, look at the cars and visit. Some attended seminars, came to watch the hill climb, shop the swap meet, but refused to support the meet with a \$30 registration fee per couple. We didn't get enough registrations to break even.

# AUTO TOURING

## What You'll Do Without

You're not likely to find these in the twenties:

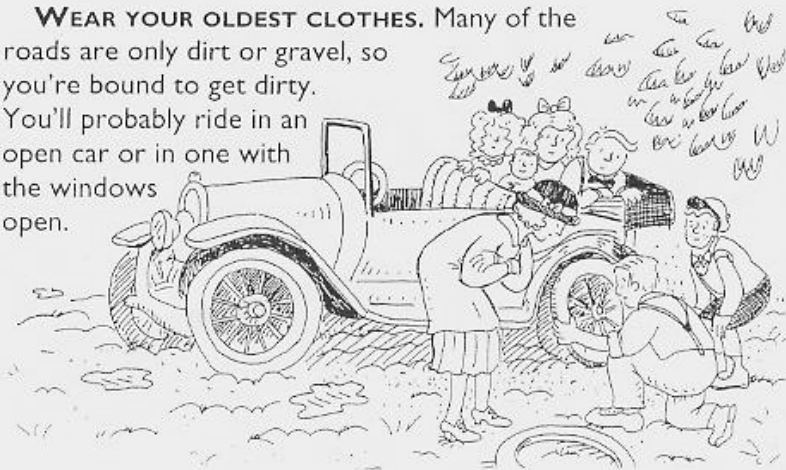

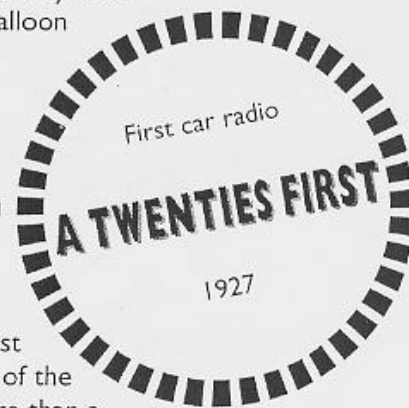

- ☐ Rearview mirrors
- ☐ Car heaters
- ☐ Reliable road maps
- ☐ Rest rooms at gas stations (Use the outhouse behind a school)
- ☐ Motels (Rent a little shack at an auto court)
- ☐ Car radios
- ☐ Superhighways and freeways
- ☐ Tollbooths
- ☐ Fast-food restaurants
- ☐ Bumper stickers

Your twenties family probably loves to travel, but you'll need a sense of adventure to go far on primitive twenties roads. Cars aren't equipped the way cars are today, road signs are scarce, and just try to find a readable map! You'll meet all sorts of interesting people as you ask directions, though. Just be prepared:

**BRING AT LEAST TWO SPARE TIRES AND PLENTY OF SPARE PARTS.** You will probably have several flat tires—twenties balloon tires aren't up to the terrible twenties roads—and you can count on one other serious breakdown as well.

**PUT LOTS OF BLANKETS IN THE BACKSEAT.** They will soften the bumpy ride, and you'll need them when you camp at night. There are almost no motels yet, and even most of the "auto courts" supply little more than a dry place for your bedroll. (Sorry, no sleeping bags yet, either.)

**WEAR YOUR OLDEST CLOTHES.** Many of the roads are only dirt or gravel, so you're bound to get dirty. You'll probably ride in an open car or in one with the windows open.
